

File Name	Description	Time
NSL010 01 Internal DVD LG - Start up 01.wav	Drive starting up	00:05.315
NSL010 02 Internal DVD LG - Tray open and close 01.wav	Opening and closing the DVD disc tray (tray motor)	00:09.422
NSL010 03 Internal DVD LG - Tray manipulation 01.wav	Opening, closing, and pulling on the DVD disc tray (tray motor)	00:16.910
NSL010 04 Internal DVD LG - Tray manipulation 02.wav	Opening, closing, and pulling on the DVD disc tray (tray motor)	00:32.090
NSL010 05 Internal DVD LG - Internal cables disconnected 01.wav	Drive powering on with all internal cables disconnected	00:26.692
NSL010 06 Internal DVD LG - Internal cables disconnected 02.wav	Drive powering on with all internal cables disconnected	00:03.739
NSL010 07 Internal DVD LG - Laser disconnection malfunction (stereo) 01.wav	Drive powering on with internal laser cable disconnected	00:30.061
NSL010 08 Internal DVD LG - Disc spin up - spin down 01.wav	Spindle motor revving up and down	00:07.418
NSL010 09 Internal DVD LG - Start up - disc read - power down 01.wav	Disc spinning up - disc read - powering down	00:51.339
NSL010 10 Internal DVD LG - Start up - disc read - power down 02.wav	Turning on drive - disc read - powering down	00:15.668
NSL010 11 Internal DVD LG - Reading disc 01.wav	Drive reading data from disc	00:53.161
NSL010 12 Internal DVD LG - Reading disc 02.wav	Drive reading data from disc	00:30.432
NSL010 13 Internal DVD LG - Reading disc 03.wav	Drive reading data from disc	00:31.399
NSL010 14 Internal DVD LG - Reading disc 04.wav	Drive reading data from disc	00:30.131
NSL010 15 Internal DVD LG - Reading disc - power down 01.wav	Reading disc and drive powering down	00:31.550
NSL010 16 Internal DVD LG - Scratched disc 01.wav	Attempting to read data from a scratched disc	00:12.058
NSL010 17 Internal DVD LG - Scratched disc 02.wav	Attempting to read data from a scratched disc	01:03.907
NSL010 18 Internal DVD LG - Scratched disc 03.wav	Attempting to read data from a scratched disc	00:11.074
NSL010 19 Internal DVD LG - Scratched disc 04.wav	Attempting to read data from a scratched disc	00:10.066
NSL010 20 Internal DVD LG - Reading data overload 01.wav	Reading data from disc overload - trying to play back too many video files	00:53.456
NSL010 21 Internal DVD LG - Reading data overload 02.wav	Reading data from disc overload - trying to play back too many video files	01:00.850
NSL010 22 Internal DVD LG - Reading data overload 03.wav	Reading data from disc overload - trying to play back too many video files	00:30.976
NSL010 23 Internal DVD LG - Reading data overload (stereo) 01.wav	Reading data from disc overload - trying to play back too many video files	00:57.270
NSL010 24 Internal DVD LG - Reading data overload (stereo) 02.wav	Reading data from disc overload - trying to play back too many video files	01:12.972
NSL010 25 Internal DVD LG - Reading data overload (stereo) 03.wav	Reading data from disc overload - trying to play back too many video files	01:03.320
NSL010 26 Internal DVD LG - Reading data overload (stereo) 04.wav	Reading data from disc overload - trying to play back too many video files	00:49.435
NSL010 27 Internal DVD LG - Burning disc 01.wav	Burning a DVD disc	00:49.017
NSL010 28 Internal DVD LG - Burning disc 02.wav	Burning a DVD disc	00:39.344
NSL010 29 Internal DVD LG - Burning disc (stereo) 01.wav	Burning a DVD - stereo recording	01:42.272
NSL010 30 Internal DVD Sony - Tray open and close 01.wav	Opening and closing the DVD disc tray (tray motor)	00:07.164
NSL010 31 Internal DVD Sony - Tray opening closing manipulation 01.wav	Opening, closing, and pulling on the DVD disc tray (tray motor)	00:25.478
NSL010 32 Internal DVD Sony - Tray opening closing manipulation 02.wav	Opening, closing, and pulling on the DVD disc tray (tray motor)	00:12.302
NSL010 33 Internal DVD Sony - Reading disc - no data connection 01.wav	Drive SATA cable unplugged	00:38.656
NSL010 34 Internal DVD Sony - Reading disc - no data connection 02.wav	Drive SATA cable unplugged	00:41.836
NSL010 35 Internal DVD Sony - Reading disc - no data connection 03.wav	Drive SATA cable unplugged	00:51.708
NSL010 36 Internal DVD Sony - Reading disc - no data connection 04.wav	Drive SATA cable unplugged	01:05.263
NSL010 37 Internal DVD Sony - Motor spinning up and down 01.wav	Spindle motor spinning up and down	00:46.853
NSL010 38 Internal DVD Sony - Spin and power down 01.wav	Disc spinning - powering down	00:18.182
NSL010 39 Internal DVD Sony - Power up - disc read - power down 01.wav	Drive turned on - reading disc - powering down	00:17.536
NSL010 40 Internal DVD Sony - Loading and reading disc 01.wav	Reading data from disc	01:01.768
NSL010 41 Internal DVD Sony - Loading and reading disc 02.wav	Reading data from disc	00:43.643
NSL010 42 Internal DVD Sony - Loading and reading disc 03.wav	Reading data from disc	00:43.082
NSL010 43 Internal DVD Sony - Disc spinning - reading 01.wav	Reading data from disc	00:31.591
NSL010 44 Internal DVD Sony - Disc spinning - reading 02.wav	Reading data from disc	00:37.166
NSL010 45 Internal DVD Sony - Disc read sequence 01.wav	Disc spin up - reading data from disc - powering down	00:27.818
NSL010 46 Internal DVD Sony - Reading Data 01.wav	Reading data from disc	00:58.361
NSL010 47 Internal DVD Sony - Reading Data 02.wav	Reading data from disc	00:23.018
NSL010 48 Internal DVD Sony - Reading Data 03.wav	Reading data from disc	00:12.300
NSL010 49 Internal DVD Sony - Reading Data 04.wav	Reading data from disc	00:45.354
NSL010 50 Internal DVD Sony - Reading Data 05.wav	Reading data from disc	00:45.178
NSL010 51 Internal DVD Sony - Upside down disc 01.wav	Reading disc placed upside down in the drive	00:29.503
NSL010 52 Internal DVD Sony - Read error 01.wav	Drive not able to read disc	00:08.406
NSL010 53 Internal DVD Sony - Read error 02.wav	Drive not able to read disc	00:52.100
NSL010 54 Internal DVD Sony - Read error 03.wav	Drive not able to read disc	00:24.590
NSL010 55 Internal DVD Sony - Read error 04.wav	Drive not able to read disc	00:33.648
NSL010 56 Internal DVD Sony - Reading scratched disc 01.wav	Attempting to read data from a scratched disc	00:20.938
NSL010 57 Internal DVD Sony - Reading scratched disc 02.wav	Attempting to read data from a scratched disc	00:24.867
NSL010 58 Internal DVD Sony - Scratched disc error loop 01.wav	Attempting to read data from a scratched disc - stuck in a loop	00:18.832
NSL010 59 Internal DVD Sony - Scratched disc error loop 02.wav	Attempting to read data from a scratched disc - stuck in a loop	00:24.882
NSL010 60 Internal DVD Sony - Scratched disc read failure 01.wav	Drive not able to read scratched disc	00:24.066
NSL010 61 Internal DVD Sony - High pitched hum 01.wav	High frequency sounds generated from the power supply	00:11.924
NSL010 62 Internal DVD Sony - Power and Data Cable hum 01.wav	High frequency sounds generated by the power/data cable	00:52.663
NSL010 63 Internal DVD Sony - Power and Data Cable hum 02.wav	High frequency sounds generated by the power/data cable	00:51.298
NSL010 64 Internal Slot Load DVD - Insert Disc 01.wav	Inserting disc into slot load mechanism	00:06.294
NSL010 65 Internal Slot Load DVD - Eject Disc 01.wav	Ejecting disc from the slot load mechanism	00:03.973
NSL010 66 Internal Slot Load DVD - Power up and power down 01.wav	Drive turning on - powering down	00:55.046
NSL010 67 Internal Slot Load DVD - Loading and reading disc 01.wav	Reading data from disc	00:45.583
NSL010 68 Internal Slot Load DVD - Disc loading - disc read - power down (stereo) 01.wav	Drive turning on - reading disc - powering down	02:05.890
NSL010 69 Internal Slot Load DVD - Power up - disc read - power down (stereo) 01.wav	Drive turning on - reading disc - powering down	00:51.958
NSL010 70 Internal Slot Load DVD - Loading and reading disc (stereo) 01.wav	Reading data from disc - stereo recording	01:38.344
NSL010 71 Internal Slot Load DVD - Power up - disc read - power down 01.wav	Drive turning on - reading disc - powering down	00:50.361
NSL010 72 Internal Slot Load DVD - Disc spin up (stereo) 01.wav	Disc spinning up - loading files from disc	00:22.218
NSL010 73 Internal Slot Load DVD - Reading disc - power down 01.wav	Reading disc - powering down drive	00:28.217
NSL010 74 Internal Slot Load DVD - Reading disc 01.wav	Reading data from disc	00:23.658
NSL010 75 Internal Slot Load DVD - Reading disc 02.wav	Reading data from disc	00:17.505
NSL010 76 Internal Slot Load DVD - Reading disc (stereo) 01.wav	Reading data from disc - stereo recording	00:48.398
NSL010 77 Internal Slot Load DVD - Reading disc (stereo) 02.wav	Reading data from disc - stereo recording	00:41.154
NSL010 78 Internal Slot Load DVD - Reading disc (stereo) 03.wav	Reading data from disc - stereo recording	00:50.837
NSL010 79 Internal Slot Load DVD - Reading disc (stereo) 04.wav	Reading data from disc - stereo recording	00:45.084
NSL010 80 Internal Slot Load DVD - Reading disc (stereo) 05.wav	Reading data from disc - stereo recording	01:08.105
NSL010 81 Internal Slot Load DVD - Reading disc (stereo) 06.wav	Reading data from disc - stereo recording	01:14.031
NSL010 82 Internal Slot Load DVD - Scratched disc read 01.wav	Attempting to read data from a scratched disc	00:20.471
NSL010 83 Internal Slot Load DVD - Scratched disc read 02.wav	Attempting to read data from a scratched disc	00:20.870
NSL010 84 Internal Slot Load DVD - Scratched disc read 03.wav	Attempting to read data from a scratched disc	00:17.136
NSL010 85 Internal Slot Load DVD - Scratched disc read 04.wav	Attempting to read data from a scratched disc	00:32.693
NSL010 86 Internal Slot Load DVD - Scratched disc read 05.wav	Attempting to read data from a scratched disc	00:19.602
NSL010 87 Internal Slot Load DVD - Scratched disc read error loop 01.wav	Attempting to read data from a scratched disc - stuck in a loop	00:25.462
NSL010 88 Internal Slot Load DVD - Scratched disc read error loop 02.wav	Attempting to read data from a scratched disc - stuck in a loop	00:35.924
NSL010 89 Internal Slot Load DVD - Scratched disc read error loop 03.wav	Attempting to read data from a scratched disc - stuck in a loop	00:32.351
NSL010 90 Internal Slot Load DVD - Reading data overload (stereo) 01.wav	Reading data from disc overload - trying to open too many files at once	00:56.590
NSL010 91 Internal Slot Load DVD - Reading data overload (stereo) 02.wav	Reading data from disc overload - trying to open too many files at once	00:59.438
NSL010 92 Internal Slot Load DVD - Reading data overload (stereo) 03.wav	Reading data from disc overload - trying to open too many files at once	01:21.239
NSL010 93 Internal Slot Load DVD - Reading data overload (stereo) 04.wav	Reading data from disc overload - trying to open too many files at once	01:27.943
NSL010 94 Internal Slot Load DVD - Reading data overload (stereo) 05.wav	Reading data from disc overload - trying to open too many files at once	01:15.135
NSL010 95 Internal Slot Load DVD - Burning disc 01.wav	Burning disc	01:12.623
NSL010 96 Internal Slot Load DVD - Burning disc (stereo) 01.wav	Burning disc - stereo recording	01:04.347
