

File Name	Description	Time
NSL007 001 05MPH Pass by L to R dry lake bed.wav	Pass by on dry lake bed 05 MPH (Left to Right) - Electric motor only - Microphone position: pointed at side of car	00:20.00
NSL007 002 05MPH Pass by R to L dry lake bed.wav	Pass by on dry lake bed 05 MPH (Right to Left) - Electric motor only - Microphone position: pointed at side of car	00:18.00
NSL007 003 10MPH Pass by L to R dry lake bed 01.wav	Pass by on dry lake bed 10 MPH (Left to Right) - Electric motor only - Microphone position: pointed over top of car	00:24.00
NSL007 004 10MPH Pass by L to R dry lake bed 02.wav	Pass by on dry lake bed 10 MPH (Left to Right) - Electric motor only - Microphone position: pointed at side of car	00:19.00
NSL007 005 10MPH Pass by R to L dry lake bed 01.wav	Pass by on dry lake bed 10 MPH (Right to Left) - Electric motor only - Microphone position: pointed over top of car	00:19.00
NSL007 006 10MPH Pass by R to L dry lake bed 02.wav	Pass by on dry lake bed 10 MPH (Right to Left) - Electric motor only - Microphone position: pointed at side of car	00:20.00
NSL007 007 15MPH Pass by L to R dry lake bed.wav	Pass by on dry lake bed 15 MPH (Left to Right) - Electric motor only - Microphone position: pointed at side of car	00:12.00
NSL007 008 15MPH Pass by R to L dry lake bed.wav	Pass by on dry lake bed 15 MPH (Right to Left) - Electric motor only - Microphone position: pointed at side of car	00:12.00
NSL007 009 20MPH Pass by L to R dry lake bed 01.wav	Pass by on dry lake bed 20 MPH (Left to Right) - Electric motor only - Microphone position: pointed over top of car	00:16.00
NSL007 010 20MPH Pass by L to R dry lake bed 02.wav	Pass by on dry lake bed 20 MPH (Left to Right) - Electric motor only - Microphone position: pointed at side of car	00:25.00
NSL007 011 20MPH Pass by R to L dry lake bed 01.wav	Pass by on dry lake bed 20 MPH (Right to Left) - Electric motor only - Microphone position: pointed over top of car	00:23.00
NSL007 012 20MPH Pass by R to L dry lake bed 02.wav	Pass by on dry lake bed 20 MPH (Right to Left) - Electric motor only - Microphone position: pointed at side of car	00:20.00
NSL007 013 25MPH Pass by distant L to R 01.wav	Pass by on dry lake bed 25 MPH (Left to Right) - Coasting - Microphone position: 30 yards away from car	00:23.00
NSL007 014 25MPH Pass by distant L to R 02.wav	Pass by on dry lake bed 25 MPH (Left to Right) - Coasting - Microphone position: 30 yards away from car	00:20.00
NSL007 015 25MPH Pass by distant R to L.wav	Pass by on dry lake bed 25 MPH (Right to Left) - Coasting - Microphone position: 30 yards away from car	00:23.00
NSL007 016 25MPH Pass by L to R gravel.wav	Pass by on gravel 25 MPH (Left to Right) - Electric motor only - Microphone position: pointed at side of car	00:08.00
NSL007 017 25MPH Pass by L to R pavement 01.wav	Pass by on pavement 25 MPH (Left to Right) - Electric motor only - Microphone position: pointed at side of car	00:09.00
NSL007 018 25MPH Pass by L to R pavement 02.wav	Pass by on pavement 25 MPH (Left to Right) - Electric motor only - Microphone position: pointed at side of car	00:10.00
NSL007 019 30MPH Pass by L to R dry lake bed.wav	Pass by on dry lake bed 30 MPH (Left to Right) - Electric motor only - Microphone position: pointed over top of car	00:23.00
NSL007 020 30MPH Pass by L to R pavement.wav	Pass by on pavement 30 MPH (Left to Right) - Electric motor only - Microphone position: pointed at side of car	00:09.00
NSL007 021 30MPH Pass by R to L dry lake bed.wav	Pass by on dry lake bed 30 MPH (Right to Left) - Electric motor only - Microphone position: pointed over top of car	00:20.00
NSL007 022 40MPH Pass by L to R dry lake bed.wav	Pass by on dry lake bed 40 MPH (Left to Right) - Coasting - Microphone position: pointed at side of car	00:34.00
NSL007 023 40MPH Pass by L to R gravel.wav	Pass by on gravel 40 MPH (Left to Right) - Coasting - Microphone position: pointed at side of car	00:08.00
NSL007 024 40MPH Pass by L to R pavement.wav	Pass by on pavement 40 MPH (Left to Right) - Electric motor/Gas Engine - Microphone position: pointed at side of car	00:10.00
NSL007 025 40MPH Pass by R to L dry lake bed.wav	Pass by on dry lake bed 40 MPH (Left to Right) - Coasting - Microphone position: pointed over top of car	00:25.00
NSL007 026 40MPH Pass by R to L gravel.wav	Pass by on gravel 40 MPH (Right to Left) - Coasting - Microphone position: pointed at side of car	00:12.00
NSL007 027 50MPH Pass by L to R dry lake bed.wav	Pass by on dry lake bed 50 MPH (Left to Right) - Coasting - Slight dust/sand noise - Microphone position: pointed over top of car	00:18.00
NSL007 028 50MPH Pass by R to L dry lake bed 01.wav	Pass by on dry lake bed 50 MPH (Right to Left) - Coasting - Microphone position: pointed at side of car	00:29.00
NSL007 029 50MPH Pass by R to L dry lake bed 02.wav	Pass by on dry lake bed 50 MPH (Right to Left) - Coasting - Slight dust/sand noise - Microphone position: pointed over top of car	00:20.00
NSL007 030 50MPH Pass by R to L side.wav	Pass by on dry lake bed 50 MPH (Left to Right) - Coasting - Slight dust/sand noise - Microphone position: pointed over top of car	00:19.00
NSL007 031 60MPH Pass by L to R pavement.wav	Pass by on pavement 60 MPH (Left to Right) - Gas Engine - Microphone position: pointed at side of car	00:15.00
NSL007 032 60MPH Pass by L to R dry lake bed.wav	Pass by on dry lake bed 60 MPH (Left to Right) - Gas Engine - Slight dust/sand noise - Microphone position: pointed at side of car	00:12.00
NSL007 033 60MPH Pass by R to L pavement.wav	Pass by on pavement 60 MPH (Right to Left) - Gas Engine - Microphone position: pointed at side of car	00:10.00
NSL007 034 70MPH Pass by L to R pavement.wav	Pass by on pavement 70 MPH (Left to Right) - Gas Engine - Microphone position: pointed at side of car	00:11.00
NSL007 035 70MPH Pass by R to L pavement.wav	Pass by on pavement 70 MPH (Right to Left) - Gas Engine - Microphone position: pointed at side of car	00:10.00
NSL007 036 80MPH Pass by R to L dry lake bed.wav	Pass by on dry lake bed 80 MPH (Right to Left) - Gas Engine - Microphone position: pointed at side of car	00:16.00
NSL007 037 Full stop L to C dry lake bed 01.wav	Full stop on dry lake bed (Left to Center) - Electric only - Microphone placement: pointed at side of car	00:13.00
NSL007 038 Full stop L to C dry lake bed 02.wav	Full stop on dry lake bed (Left to Center) - Electric only - Microphone placement: pointed at side of car	00:16.00
NSL007 039 Full stop L to C dry lake bed 03.wav	Full stop on dry lake bed (Left to Center) Squeaky brake - Electric only - Microphone placement: pointed at side of car	00:15.00
NSL007 040 Full stop L to C dry lake bed.wav	Full stop on dry lake bed (Left to Center) - Electric only - Microphone placement: pointed at side of car	00:10.00
NSL007 041 Full stop L to C pavement 01.wav	Full stop on pavement (Left to Center) - Electric only - Microphone placement: pointed at side of car	00:06.00
NSL007 042 Full stop L to C pavement 02.wav	Full stop on pavement (Left to Center) - Gas & Electric - Microphone placement: pointed at side of car	00:05.00
NSL007 043 Full stop R to C dry lake bed 01.wav	Full stop on dry lake bed (Right to Center) - Gas & Electric - Microphone placement: pointed at side of car	00:18.00
NSL007 044 Full stop R to C dry lake bed 02.wav	Full stop on dry lake bed (Right to Center) - Gas & Electric - Microphone placement: pointed at side of car	00:12.00
NSL007 045 Full stop R to C dry lake bed 03.wav	Full stop on dry lake bed (Right to Center) - Electric only - Microphone placement: pointed at side of car	00:19.00
NSL007 046 Full stop R to C dry lake bed 04.wav	Full stop on dry lake bed (Right to left) - Gas & Electric - Microphone placement: pointed at side of car	00:14.00
NSL007 047 Full stop R to C dry lake bed 05.wav	Full stop on dry lake bed (Right to Left) - Gas & Electric - Microphone placement: pointed at side of car	00:19.00
NSL007 048 Full stop R to C pavement.wav	Full stop on pavement (Right to Center) - Electric only - Microphone placement: pointed at side of car	00:07.00
NSL007 049 Full stop R to L gravel.wav	Full stop on gravel (Right to Left) - Electric only - Microphone placement: pointed at side of car	00:07.00
NSL007 050 Full stop idle dry lake bed distant.wav	Distant stop on dry lake bed - Electric motor only - Microphone position: pointed towards front of car	00:18.00
NSL007 051 Take off dry lake bed 01.wav	Take off on dry lake bed - Gas engine - Microphone placement: pointed towards left-front wheel	00:17.00
NSL007 052 Take off dry lake bed 02.wav	Take off on dry lake bed - Gas engine - Microphone placement: pointed towards left-front tire	00:22.00
NSL007 053 Take off dry lake bed distant.wav	Take off on dry lake bed - Gas engine - Microphone placement: centered behind rear bumper - 15 yards away	00:16.00
NSL007 054 Take off dry lake bed front tire.wav	Take off on dry lake bed - Gas engine - Microphone placement: pointed towards left-front tire	00:16.00
NSL007 055 Take off dry lake bed tailpipe 01.wav	Take off on dry lake bed - Gas engine - Microphone placement: pointed directly at tailpipe	00:19.00
NSL007 056 Take off dry lake bed tailpipe 02.wav	Take off on dry lake bed - Gas engine - Microphone placement: pointed directly at tailpipe	00:15.00
NSL007 057 Take off dry lake bed tailpipe 03.wav	Take off on dry lake bed - Gas engine - Microphone placement: pointed directly at tailpipe	00:16.00
NSL007 058 Take off gravel onto pavement.wav	Take off on gravel through tumbleweeds - Gas engine - Microphone placement: pointed towards left-front wheel	00:13.00
NSL007 059 Take off gravel spin out 01.wav	Take off on gravel - wheel spin out - Gas engine - Microphone placement: pointed towards left-front wheel	00:09.00
NSL007 060 Take off gravel spin out 02.wav	Take off on gravel - wheel spin out - Gas engine - Microphone placement: pointed towards left-front wheel	00:09.00
NSL007 061 Take off gravel spin out 03.wav	Take off on gravel - wheel spin out - Gas engine - Microphone placement: pointed towards left-front wheel	00:09.00
NSL007 062 Take off gravel tumbleweed.wav	Take off on gravel through tumbleweeds - Electric motor only - Microphone placement: pointed towards left-front wheel	00:12.00
NSL007 063 Take off gravel.wav	Take off on gravel - Gas engine - Microphone placement: pointed towards left-front wheel	00:15.00
NSL007 064 Exterior road noise gravel 01.wav	Road noise from car exterior - Driving on gravel - Microphone placement: Middle of the car between driver and passenger seat - facing towards dashboard	00:23.00
NSL007 065 Exterior road noise gravel 02.wav	Road noise from car exterior - Driving on gravel - Microphone placement: pointed down towards the right-front wheel and road surface	00:40.00
NSL007 066 Exterior road noise gravel 03.wav	Road noise from car exterior - Driving on gravel - Microphone placement: pointed down towards the right-front wheel and road surface	01:00.00
NSL007 067 Exterior road noise gravel pavement.wav	Road noise from car exterior - Driving from gravel onto pavement - Microphone placement: pointed down towards the right-front wheel and road surface	00:33.00
NSL007 068 Exterior road noise pavement 01.wav	Road noise from car exterior - Driving on pavement - Microphone placement: pointed down towards the right-front wheel and road surface	00:42.00
NSL007 069 Exterior road noise pavement 02.wav	Road noise from car exterior - Driving on pavement - Electric motor only - Microphone placement: pointed down towards the right-front wheel and road surface	00:27.00
NSL007 070 Interior road noise gravel 01.wav	Road noise from car cabin interior - Driving on gravel -Microphone placement: middle of the car between driver and passenger seat - facing towards dashboard	01:02.00
NSL007 071 Interior road noise gravel 02.wav	Road noise from car cabin interior - Driving on gravel -Microphone placement: middle of the car between driver and passenger seat - facing towards dashboard	01:06.00
NSL007 072 Interior road noise gravel wind.wav	Road noise from car cabin interior - Driving on gravel -Microphone placement: middle of the car between driver and passenger seat - facing towards dashboard	01:12.00
NSL007 073 Interior road noise pavement 01.wav	Road noise from car cabin interior - Driving on pavement -Microphone placement: middle of the car between driver and passenger seat - facing towards dashboard	01:57.00
NSL007 074 Interior road noise pavement 02.wav	Road noise from car cabin interior - Driving on pavement -Microphone placement: middle of the car between driver and passenger seat - facing towards dashboard	01:55.00
NSL007 075 Interior road noise pavement 03.wav	Road noise from car cabin interior - Driving on pavement -Microphone placement: middle of the car between driver and passenger seat - facing towards dashboard	01:42.00
NSL007 076 Gas engine & electric motor idle grill 01.wav	Gas engine idle - Electric motor idle - Microphone placement: front grill	01:10.00
NSL007 077 Gas engine idle - electric system cycle 01.wav	Gas engine idle - electronic system cycle - Microphone placement: open hood - directly above engine	00:47.00
NSL007 078 Gas engine idle above hood 01.wav	Gas engine idle - Microphone placement: above closed hood	00:23.00
NSL007 079 Gas engine idle grill.wav	Gas engine idle - Microphone placement: open hood - directly above engine	01:06.00
NSL007 080 Gas engine revs under hood 01.wav	Gas engine revving - Microphone placement: open hood - directly above engine	00:54.00
NSL007 081 Gas engine revs under hood 02.wav	Gas engine revving - Microphone placement: open hood - directly above engine	00:31.00
NSL007 082 Electric motor idle grill 01.wav	Electric motor idle - Recorded from front grill of car	00:33.00
NSL007 083 Electric motor idle grill 02.wav	Electric motor idle - Recorded from front grill of car	00:50.00
NSL007 084 Electric sounds 01.wav	Various electronic sounds from underneath hood	00:30.00
NSL007 085 Electric sounds 02.wav	Various electronic sounds from underneath hood	00:07.00
NSL007 086 Electric sounds 03.wav	Various electronic sounds from underneath hood	00:20.00
NSL007 087 Door lock outside 01.wav	Door locking mechanism - Recorded from outside	00:00.00
NSL007 088 Door lock outside 02.wav	Door locking mechanism - Recorded from outside	00:00.00
NSL007 089 Door lock remote 01.wav	Door locking mechanism - Remote control locking with beep - Recorded from outside	00:00.00
NSL007 090 Door unlock remote 01.wav	Door locking mechanism - Remote control locking with beep - Recorded from outside	00:00.00
NSL007 091 Power window down.wav	Driver side power window down - Microphone placement: outside of car pointed directly at window	00:03.00
NSL007 092 Power window up.wav	Driver side power window up - Microphone placement: outside of car pointed directly at window	00:03.00
NSL007 093 Wipers interior intermittent.wav	Windshield wipers - intermittent setting - Microphone placement: car exterior pointing directly at wipers	00:18.00
NSL007 094 Wipers medium speed.wav	Windshield wipers - medium speed - Microphone placement: car exterior pointing directly at wipers	00:31.00
NSL007 095 Wipers interior fast speed.wav	Windshield wipers - fast speed - Microphone placement: car exterior pointing directly at wipers	00:26.00
NSL007 096 Wipers exterior spray.wav	Windshield wipers running with spray - Microphone placement: car exterior pointing directly at wipers	00:34.00
NSL007 097 Rain on car 01.wav	Rainstorm captured from inside car cabin - Microphone placement: middle of the car between driver and passenger seat - facing towards dashboard	00:43.00
NSL007 098 Rain on car 02.wav	Rainstorm captured from inside car cabin - Microphone placement: middle of the car between driver and passenger seat - facing towards dashboard	00:40.00
NSL007 099 Rain on car wipers.wav	Rainstorm captured from inside car cabin w/ wipers running - Microphone placement: pointed towards windshield	00:57.00
NSL007 100 Turns 360.wav	360 degree turns on dry lake bed 15 MPH - Microphone position: fixed placement in center of car turning radius	01:12.00
