

Filename	Description
Twelve_Tones_01	Drone, granular sound design, metal shaking with low and high tones, fast delay. Granular sound design.
Twelve_Tones_02	Constant pulsing drone with high and mid frequencies dominating, slight volume modulation. Granular sound design.
Twelve_Tones_03	Constant pulsing drone with high and mid low frequencies dominating, slight volume modulation. Granular sound design.
Twelve_Tones_04	Constant tonal drone, left side more present, slight volume modulation with a bit of distortion on high end. Granular sound design.
Twelve_Tones_05	Constant drone with fast modulation in higher end. Low end fading in and out. Granular sound design.
Twelve_Tones_06	Constant drone with fast modulation on mid and low frequencies. High end clicks fade in and out. Granular sound design.
Twelve_Tones_07	Constant metal like click drone with fast high end modulation. Granular sound design. Low mid end fading in and out slowly. Granular sound design.
Twelve_Tones_08	Constant metal drone with fast modulation on high end. Granular sound design
Twelve_Tones_09	Constant drone with mid low end volume modulation. Granular sound design
Twelve_Tones_10	Constant noisy drone with low tone fading in and out. Granular sound design.
Twelve_Tones_11	Constant low drone with random mid and high end clicks. Slight volume modulation on full spectrum. Granular sound design.
Twelve_Tones_12	Constant soft high and low end tone with small modulation and occasional noise fading in and out. Granular sound design.
