Sound design buzzing electric tone, coarse and tight with pulsing

Sound design buzzing electric tone, crackling and sputtering in a loop

Sound design buzzing electric tone, resonant and gritty with wavering

Sound design buzzing electric tone, resonant and high with throbbing

Sound design gritty electric tone, coarse, sputtering static in a loop

Sound design gritty electric tone, coarse, steady static in a loop

Sound design gritty electric tone, coarse, sputtering static

Sound design gritty electric tone, coarse, steady static

Sound design buzzing electric arcing tone, resonant and full, 3, shuddering and deep in a loop

Sound design buzzing electric arcing tone, resonant and nasal and tight with shuddering in a loop

Sound design buzzing electric arcing tone, resonant with fizzling and surges in a loop

Sound design buzzing electric arcing tone, nasal and loose 1, intermittent

Sound design buzzing electric arcing tone, nasal and loose 2, intermittent

Sound design buzzing electric arcing tone, nasal and tight and intermittent

Sound design buzzing electric arcing tone, resonant and full 1, intermittent

Sound design buzzing electric arcing tone, resonant and full 2, intermittent

Sound design gritty electric arcing tone, crackling and sputtering

Sound design sizzling electric arcing tone, deep in a loop

Sound design magnetic buzzing drone, resonant, full, and pulsing

Sound design electric Jacob's ladder drone, climbing swells, buzzing and thin in a loop

Sound design magnetic buzzing drone, coarse and thin, wavering and random in a loop

Sound design magnetic buzzing drone, resonant and thick with slight pulsing in a loop

Sound design magnetic buzzing drone, resonant and thin with fast pulsing in a loop

Sound design magnetic buzzing drone, resonant, full, and cybernetic, deep rhythm in a loop

Sound design magnetic buzzing drone, resonant, full, and cybernetic, deep rhythm

Sound design electric Jacob's ladder drone, climbing swells, buzzing and nasal in a loop

Sound design electric Jacob's ladder drone, climbing swells, buzzing and resonant and full

Sound design electric Jacob's ladder drone, climbing swells, buzzing and resonant and full in a loop

Sound design electric Jacob's ladder drone, climbing swells, buzzing and resonant with panning

Sound design electric Jacob's ladder drone, climbing swells, buzzing and resonant and full with panning

Sound design electric Jacob's ladder drone, climbing swells, buzzing and resonant with panning in a loop

Sound design electric Jacob's ladder drone, climbing swells, buzzing and resonant and full with panning in a loop

Sound design electric buzzing drone, thin and nasal and deep

Sound design electric buzzing drone, thin and nasal and high

Sound design electric buzzing drone, thin and tight

Sound design buzzing electric arcing drone, sputtering high voltage 1

Sound design buzzing electric arcing drone, sputtering high voltage 2

Sound design buzzing magnetic accent, swells, buzzing and resonant with flexing, full and deep

Sound design buzzing magnetic accent, swells, buzzing and resonant with flexing, mid-toned 1

Sound design buzzing magnetic accent, swells, buzzing and resonant with flexing, mid-toned 2

Sound design buzzing magnetic accent, swells, buzzing and resonant with flexing, mid-toned 3

Sound design buzzing magnetic accents, resonant, thin swells in a series

Sound design buzzing magnetic accent, resonant and muted, medium strong

Sound design buzzing magnetic accent, resonant and muted, short and aborted

Sound design buzzing magnetic accent, resonant and muted, short and abrupt

Sound design buzzing magnetic accent, resonant and muted, short and simple

Sound design buzzing magnetic accent, resonant and muted, short and soft

Sound design buzzing magnetic accent, resonant and deep and soft, light to strong

Sound design buzzing magnetic accent, resonant and deep and soft, strong to medium

Sound design buzzing magnetic accents, resonant and deep and soft with swells, x5

Sound design buzzing magnetic accent, resonant and deep with charged aspect with a swell

Sound design buzzing magnetic accent, resonant and deep with charged aspect with wavering

Sound design buzzing magnetic accent, resonant, full, and cybernetic with deep rhythm, pulsing

Sound design buzzing magnetic accent, resonant, full, and cybernetic with deep rhythm, sustain

Sound design buzzing magnetic accent, resonant and muted with a cybernetic accent, abrupt

Sound design buzzing magnetic accent, resonant and muted with a cybernetic accent, long

Sound design buzzing magnetic accent, resonant and muted with a cybernetic accent, complex

Sound design buzzing magnetic accent, resonant and muted with a cybernetic accent, slow and complex

Sound design buzzing magnetic accent, resonant, full, and cybernetic with deep rhythm, wavering

Sound design buzzing magnetic accent, resonant and deep with charged aspect, diminishing

Sound design buzzing magnetic accent, resonant and deep with charged aspect, soft and long

Sound design buzzing magnetic accent, resonant and deep with charged aspect, soft and slow

Sound design buzzing and noisy magnetic accent, resonant and pulsing quickly, x3

Sound design buzzing magnetic accent, buzzing and coarse and thin, wavering randomly with flexing

Sound design buzzing magnetic accent, buzzing and coarse and thin, wavering randomly, strong to fading

Sound design electric zap accent, buzzing, gritty, and thick x2

Sound design electric zap accent, buzzing and resonant, light

Sound design electric zap accent, buzzing, coarse, and resonant, fast x2 light

Sound design electric zap accent, buzzing, coarse, and resonant, sustain, light

Sound design electric zap accent, buzzing, coarse, and resonant, sustain with wavering

Sound design electric surge accent, buzzing and resonant and muted, growing and forceful 1

Sound design electric surge accent, buzzing and resonant and muted, growing and forceful 2

Sound design electric surge accent, buzzing and resonant and muted, growing and light

Sound design electric surge accent, buzzing and resonant and muted, growing and tight

Sound design electric surge accent, buzzing and resonant and muted, light to strong

Sound design electric surge accent, buzzing and resonant and muted with swelling

Sound design electric surge accent, buzzing and resonant and muted, unbalanced

Sound design electric surge accent, buzzing and resonant, swelling and forceful

Sound design electric surge accent, buzzing and resonant, swelling with panning

Sound design electric surge accent, buzzing and resonant and muted, strong and thick

Sound design electric surge accent, buzzing and resonant and muted, fast

Sound design electric surge accent, buzzing and resonant and muted

Sound design electric surge accent, buzzing and resonant, light

Sound design electric surge accent, buzzing and resonant and growing, forceful

Sound design electric surge accent, buzzing and resonant and growing, truncated

Sound design electric spark accent, sizzling and sputtering

Sound design electric surge accent, buzzing and resonant

Sound design electric spark accent, buzzing, tight, and low-toned with stuttering

Sound design electric spark accent, gritty, thin, and crackling densely and evenly

Sound design electric spark accent, gritty, thin, and crackling steadily, complex 1

Sound design electric spark accent, gritty, thin, and crackling steadily, complex 2

Sound design electric spark accent, resonant buzzing with skipping, random

Sound design electric spark accent, resonant buzzing with stuttering to fading

Sound design electric spark accent, buzzing, tight, and low-toned

Sound design electric spark accent, buzzing, tight, and deep, random with sputtering

Sound design electric spark accent, buzzing, tight, and low-toned, mid-high toned accent

Sound design electric spark accent, buzzing, tight, and low-toned, mid-high toned accent, hiccup

Sound design electric spark accent, buzzing and resonant, high and brief and light

Sound design electric spark accent, buzzing and resonant, mid-toned and crunchy, 1

Sound design electric spark accent, buzzing and resonant, mid-toned and crunchy, 2

Sound design electric spark accent, buzzing and resonant, mid-toned with hiccup, brief

Sound design electric spark accent, buzzing and resonant, mid-toned long x2 then short

Sound design electric spark accent, buzzing and thin and tight, deep and sputtering out 1

Sound design electric spark accent, buzzing and thin and tight, deep and sputtering out 2

Sound design electric spark accent, buzzing and resonant, mid-toned, strong and long

Sound design electric spark accent, buzzing and resonant, mid-toned with a stutter

Sound design electric spark accent, buzzing and resonant, mid-toned with hiccup

Sound design electric spark accent, buzzing, nasal, and resonant 1

Sound design electric spark accent, buzzing, nasal, and resonant 2

Sound design electric spark accent, buzzing and resonant, high

Sound design electric spark accent, buzzing and gritty, drone with skipping

Sound design electric spark accent, buzzing, nasal, and resonant with fading
