Description
Doused geothermal bore hole in a lava field. Bungee cord plucked over hole. Reflective, delayed, metallic sounds. Long underground ambience.
Doused geothermal bore hole in a lava field. Single hit with drum stick on the pipe. Reflective, delayed, metallic sounds. Various length underground ambiences. Falling loose debris.
Doused geothermal bore hole in a lava field. Very long. Continuous, repetitive hits with drum sticks on the side of the pipe. Reflective, delayed, metallic sounds. Underground ambience.
Doused geothermal bore hole in a lava field. Drum roll with drum sticks on the pipe. Reflective, delayed, metallic sounds. Various length underground ambiences. Falling loose debris. Droplets
Doused geothermal bore hole in a lava field. Multiple hits with drum sticks on the pipe. Reflective, delayed, metallic sounds. Various length underground ambiences. Droplets
Doused geothermal bore hole in a lava field. Water at the bottom. Quick, very short release of fine gravel into the pipe through the plastic bottle. Gravel ricochets off the pipe walls. Reflective delayed metallic sounds. Water d
Doused geothermal bore hole in a lava field. Water at the bottom. Quick, short release of fine gravel into the pipe through the plastic bottle. Gravel ricochets off the pipe walls. Reflective delayed metallic sounds. Water drople
Doused geothermal bore hole in a lava field. Water at the bottom. Short release of fine gravel into the pipe through the plastic bottle. Gravel ricochets off the pipe walls. Reflective delayed metallic sounds. Water droplet soun
Doused geothermal bore hole in a lava field. Water at the bottom. Medium length, slow release of coarse gravel into the pipe. Gravel ricochets off the pipe walls. Reflective delayed metallic sounds. Wind. Underground Ambie
Doused geothermal bore hole in a lava field. Water at the bottom. Medium length, slow release of coarse gravel into the pipe. Gravel ricochets off the pipe walls. Reflective delayed metallic sounds. Water droplet sounds. Un
Doused geothermal bore hole in a lava field. Water at the bottom. Medium length, slow release of coarse gravel into the pipe. Gravel ricochets off the pipe walls. Reflective delayed metallic sounds. Wind and water droplet so
Doused geothermal bore hole in a lava field. Water at the bottom. Slow release of coarse gravel into the pipe. Gravel ricochets off the pipe walls. Reflective delayed metallic sounds. Water droplet sounds. Underground Ambi
Doused geothermal bore hole in a lava field. Water at the bottom. Very Long Slow Release of coarse gravel into the pipe. Gravel ricochets off the pipe walls. Reflective delayed metallic sounds. Water droplet sounds. Undergr
Doused geothermal bore hole in a lava field. Single hit with piece of metal. Reflective, delayed, metallic sounds, low tones. Various length underground ambiences. Wind.
Doused geothermal bore hole in a lava field. Single hit with piece of metal. Reflective, delayed, metallic sounds, mid tones. Various length underground ambiences. Wind.
Doused geothermal bore hole in a lava field. Single hit with piece of metal. Reflective, delayed, metallic sounds, high tones. Various length underground ambiences. Wind.
Doused geothermal bore hole in a lava field. Plastic bottles hit together above hole. Reflective, delayed, metallic sounds. Long underground ambiences.
Doused geothermal bore hole in a lava field. Multiple presses on big bottle. Reflective, delayed, metallic sounds. Various underground ambiences.
Doused geothermal bore hole in a lava field. Removing sticky label on big bottle. Reflective, delayed, metallic sounds. Falling loose debris. Long ambiences.
Doused geothermal bore hole in a lava field. Single press on big bottle. Reflective, delayed, metallic sounds. Various underground ambiences.
Doused geothermal bore hole in a lava field. Plastic bottle in hole. Rasp file strokes (very short, very quick). Reflective, delayed, metallic sounds. Various length underground ambiences. Falling loose debris, wind.
Doused geothermal bore hole in a lava field. Plastic bottle in hole. Rasp file strokes (short). Reflective, delayed, metallic sounds. Various length underground ambiences.
Doused geothermal bore hole in a lava field. Plastic bottle in hole. Rasp file stroke (medium length). Reflective, delayed, metallic sounds. Short underground ambiences.
Doused geothermal bore hole in a lava field. Rasp file stroke on the pipe (short and quick). Reflective, delayed, metallic sounds. Short underground ambience. Wind.
Doused geothermal bore hole in a lava field. Rasp file stroke on the pipe (medium length and speed). Reflective, delayed, metallic sounds. Short underground ambience.
Doused geothermal bore hole in a lava field. Rasp file stroke on the pipe (long and slow). Reflective, delayed, metallic sounds. Short underground ambience. Wind.
Doused geothermal bore hole in a lava field. Big rock dropped into pipe, falls directly into water at the bottom. Swell of noise from back pressure as the rock falls. Reflective, delayed, twanging, metallic sounds. Splashing, fal
Doused geothermal bore hole in a lava field. Big rock dropped into pipe, ricochets off the pipe walls into water at the bottom. Swell of noise from back pressure as the rock falls. Reflective, delayed, twanging, metallic sounds
Doused geothermal bore hole in a lava field. Medium rock dropped into pipe, falls directly into water at the bottom. Swell of noise from back pressure as the rock falls. Reflective, delayed, metallic sounds. Splashing, falling ic
Doused geothermal bore hole in a lava field. Medium rock dropped into pipe, ricochets off the pipe walls into water at the bottom. Swell of noise from back pressure as the rock falls. Reflective, delayed, metallic sounds. Spl
Doused geothermal bore hole in a lava field. Small rock dropped into pipe, ricochets off the pipe walls into water at the bottom. Swell of noise from back pressure as the rock falls. Reflective, delayed, metallic sounds. Splash
Doused geothermal bore hole in a lava field. Medium rocks dropped into pipe, ricochet off the pipe walls into water at the bottom. Swell of noise from back pressure as the rock falls. Reflective, delayed, metallic sounds. Spl
Doused geothermal bore hole in a lava field. Medium Rocks dropped in a very long, continuous flow into pipe, ricocheting off the pipe walls into water at the bottom. Swell of noise from back pressure as the rocks falls. Refle
Doused geothermal bore hole in a lava field. Small rocks dropped into pipe, ricochet off the pipe walls into water at the bottom. Swell of noise from back pressure as the rock falls. Reflective, delayed, metallic sounds. Splash
Doused geothermal bore hole in a lava field. Tongue click above hole. Reflective, delayed, metallic sounds. Various length underground ambience. Wind.
Doused geothermal bore hole in a lava field. Short, airy exhalations into pipe. Reflective, delayed, metallic sounds.
Doused geothermal bore hole in a lava field. Short hissing sounds into pipe. Reflective, delayed, metallic sounds.
Doused geothermal bore hole in a lava field. Short tonal exhalations with tight lips into pipe. Trumpet like embouchure. Reflective, delayed, metallic sounds.
Doused geothermal bore hole into a lava field. Soft, short, airy blows into big bottle above hole. Reflective, delayed, metallic sounds. Various length underground ambiences.
Doused geothermal bore hole in a lava field. Various length breaths into a big bottle above hole. Reflective, delayed, metallic sounds. Various length underground ambiences.
Doused geothermal bore hole in a lava field. Various length breaths out into big bottle above hole. Reflective, delayed, metallic sounds. Various length underground ambiences.
Doused geothermal bore hole in a lava field. Short, airy blow into small bottle above hole. Reflective, delayed, metallic, tonal, sounds. Medium length underground ambiences.
Doused geothermal bore hole in a lava field. Soft, airy blow into small bottle above hole. Reflective, delayed, metallic sounds. Medium length underground ambiences.
Doused geothermal bore hole in a lava field. Short "Ah" vocalisation into pipe. Reflective, delayed, metallic sounds. Ambience Underground.
Doused geothermal bore hole in a lava field. Short "Auh" vocalisation into pipe. Reflective, delayed, metallic sounds. Ambience Underground.
Doused geothermal bore hole in a lava field. Short "Blip" vocalisation into pipe. Reflective, delayed, metallic sounds. Ambience Underground.
Doused geothermal bore hole in a lava field. Short "Ergh" vocalisation into pipe. Reflective, delayed, metallic sounds. Ambience Underground.
Doused geothermal bore hole in a lava field. Short "Hey" vocalisation into pipe. Reflective, delayed, metallic sounds. Ambience Underground.
Doused geothermal bore hole in a lava field. Short "Meh" and "Muh" vocalisation into pipe. Reflective, delayed, metallic sounds. Ambience Underground.
Doused geothermal bore hole in a lava field. Short "Oooh" vocalisation into pipe. Reflective, delayed, metallic sounds. Ambience Underground.
Doused geothermal bore hole in a lava field. Short "Uh" vocalisation into pipe. Reflective, delayed, metallic sounds. Ambience Underground.
Doused geothermal bore hole in a lava field. Water poured for a very short period into the pipe, splashes as it hits the water at the bottom. Reflective, delayed, twanging, metallic sounds. Wind. Various length underground an
Doused geothermal bore hole in a lava field. Water poured for a short period into the pipe, splashes as it hits the water at the bottom. Reflective, delayed, twanging, metallic sounds. Wind. Various length underground ambier
Doused geothermal bore hole in a lava field. Water poured for a medium length period into the pipe, splashes as it hits the water at the bottom. Reflective, delayed, twanging, metallic sounds. Wind. Various length undergrou
Doused geothermal bore hole in a lava field. Water poured for a long period into the pipe, splashes as it hits the water at the bottom. Reflective, delayed, twanging, metallic sounds. Wind. Various length underground ambi
