

ULTRASONIC INSECTS VOL 3

SOLO INSECTS				
	Filename	Duration	Microphone	Description
1	Bush-Cricket, Barbitistes Fischeri, high-frequency rattle, barely audible at normal playback speed.wav	01:48	Sanken CO-100K	Very high pitch. Recorded in Casteil, 66, France, July, night. Alt 600 m.
2	Bush-Cricket, Ephippiger Diurnus Cunii, high-pitched calling song, zit, tsip.wav	01:22	Sanken CO-100K	Very high pitch repeated tzit. Recorded in Nohèdes, 66, France, August, Day. Alt 1600 m.
3	Bush-Cricket, Phaneroptera Nana, fuzzy high-pitched impulses, barely audible at normal speed.wav	01:01	Sanken CO-100K	Short impulse song. Barely audible at normal speed. Rich ultrasonic content. Recorded in Vitrolles, 13, July, night. Alt 100 m.
4	Bush-Cricket, Pholidoptera Griseoptera, Dark Bush-Cricket, high-pitched, fast crescendo.wav	00:37	Sanken CO-100K	High frequency song. Recorded in Meribel, 73, France, July, night. Alt 1900 m.
5	Bush-Cricket, Platycleis Albopunctata, Grey Bush-Cricket, high-pitched calling song, fast pace.wav	00:18	Sanken CO-100K	High-frequency song. Recorded In Mount Aigoual, 34, France, August, day. Alt 1550 m.
6	Bush-Cricket, Platycleis Albopunctata, Grey Bush-Cricket, high-pitched calling song, slow pace.wav	03:07	Sanken CO-100K	High-frequency perdiodic song. Recorded In Gap, 05, France, July day. Alt 1100 m.
7	Bush-Cricket, Platycleis Intermedia, high-pitched, 2 syllabs song.wav	03:41	Sanken CO-100K	High frequency song, two syllabs. Recorded in Vitrolles, 13, France, July, night. Alt 100m
8	Bush-Cricket, Polysarcus Scutatus, Short-tailed Bull Bush-cricket, high-pitched calling song, complex, rare species.wav	00:21	Sanken CO-100K	High-frequency complex song. Almost extinct species. Recorded in Col Bayard, 05, France, July, day. Alt 1300 m.
9	Bush-Cricket, Roeseliana Roeselii, Roesel's Bush-Cricket, high-pitch constant sound, rattle.wav	02:51	Sanken CO-100K	High-frequency sound. Recorded in Col Bayard, 05, France, July, day. Alt 1200 m
10	Bush-cricket, Ruspolia Nitidula, Large Conehead, high-pitched calling song, constant buzz.wav	01:14	Sanken CO-100K	High-pitched modulating tonal sound around 13 KHz, loud sound. Sounds like electronic buzz and sounds like an alarm when pitch down. Recorded in Callas, 13, France, September, night, alt 100 m.
11	Bush-Cricket, Tessellana Tessellata, Brown-Spotted Bush-Cricket, Bat detector transposed.wav	02:06	Bat Detector	Real-time transposition with heterodyne bat detector. Recorded in Py, 66, France, July, night. Alt 600m
12	Bush-Cricket, Tessellana Tessellata, Brown-Spotted Bush-Cricket, not audible at normal playback speed.wav	02:06	Sanken CO-100K	Very high-pitched rattle song. Ultrasound only. Recorded in Py, 66, France, July, night. Alt 600m
13	Bush-Cricket, Tettigonia Cantans, Upland Green Bush-Cricket, crescendo.wav	00:28	Sanken CO-100K	Day song, crescendo with very fast vibrato. Recorded in Err, 66, France, August, day. Alt 2000 m.
14	Bush-Cricket, Tylopsis Lilifolia, Lily Bush-Cricket, high-frequency impulses.wav	00:53	Sanken CO-100K	Short impulse song. Barely audible at normal speed. Rich ultrasonic content. Recorded in Vitrolles, 13, July, night. Alt 200 m.
15	Bush-Cricket, Uromenus Rugosicollis, Rough Saddle Bush-Cricket, high-pitched slow creak.wav	01:32	Sanken CO-100K	Loud sound, sounds like a tiny rotating mechanism. Recorded in Nohèdes, 66, France, August, night. Alt 900 m.
16	Cicada, Tettigettna Argentata, impulses, fast pace.wav	01:38	Sanken CO-100K	Short impulses. Words of around 25 impulses, then isolated impulse. Recorded in Jujols, 66, France, July. Alt 1100 m.
17	Cicada, Tettigettna Argentata, impulses, slow pace.wav	01:37	Sanken CO-100K	Short impulses. Words of around 25 impulses, then isolated impulse. Recorded in Jujols, 66, France, July. Alt 1100 m.
18	Cricket, Gryllus Bimaculatus, Two Spotted Cricket, chirp, calling song, chirp.wav	01:59	Sanken CO-100K	Sounds almost like Gryllus Campestris with less ultrasonic content. Recorded in Trets, 13, France, October, night. Alt 200 m.
19	Cricket, Natula Averni, Reed Cricket, calling song, chirp.wav	03:01	Sanken CO-100K	Tiny species. Recorded by 27°C. Its song's pitch varies with temperature. By 15°C pitch is nearly an octave lower. Recorded in Sausset-les-Pins, 13, August, night. Alt 20 m.

20	Cricket, Pteronemobius Lineolatus, Striped Marsh Cricket, calling song, chirp.wav	00:55	Sanken CO-100K	Tonal sound. Very small species (7mm). Lives next to water streams. Recorded in Callas, 13, France, September, night, alt 100 m.
21	Grasshopper, Aeropedellus Variegatus, rare species, different specimens.wav	00:40	Sanken CO-100K	Crescendo, very rich, almost with the noise. Recorded in Allos, 04, August, day. Alt 2600 m.
22	Grasshopper, Aeropedellus Variegatus, rare species, mid-range.wav	00:20	Sanken CO-100K	Crescendo, very rich, almost with the noise with a lot of mid-range. Recorded in Allos, 04, August, day. Alt 2600 m.
23	Grasshopper, Aeropedellus Variegatus, rare species, stuttered song.wav	00:12	Sanken CO-100K	Crescendo, very rich, almost with the noise. Recorded in Allos, 04, August, day. Alt 2600 m.
24	Grasshopper, Chorthippus Dorsatus, 3 specimens.wav	01:15	Sanken CO-100K	Increasing stuttered song with diffuse ending. Recorded in Brémur-et-Vaurois, 21, France, August, day. Alt 200 m.
25	Grasshopper, Chorthippus Saulcyi Algoaldensis, calling song, crescendo, rare species.wav	00:55	Sanken CO-100K	Sounds like a small mechanism. Recorded in Mount Aigoual, 48, France, August, day. Alt 1550 m.
26	Grasshopper, Gomphoceridius Brevipennis, intimidation song, 2 males arguing.wav	00:22	Sanken CO-100K	Rare stridulation of this species. Recorded in Err, 66, France, August, day. Alt 2600 m.
27	Grasshopper, Myrmeleotettix Maculatus, Mottled Grasshopper, calling song, ramps, 3 specimens.wav	01:02	Sanken CO-100K	Ramp. Specimen 1 and 2 recorded in Err, 66, France, August, day, alt 2300 m. Specimen 3 recorded in Meribel, 73, France, July, day, alt 2100 m.
28	Grasshopper, Myrmeleotettix Maculatus, Mottled Grasshopper, mating song, complex.wav	01:36	Sanken CO-100K	Different songs and rhythms. Recorded in Err, 66, France, August, day. Alt 2200 m.
29	Grasshopper, Omocestus Rufipes, Woodland Grasshopper, scattered song.wav	00:34	Sanken CO-100K	Scattered song, first part sounds like a tiny camera shutter. Recorded in Bonnieux, 84, France, October, Day, Alt 200 m.
30	Grasshopper, Pseudochorthippus Parallelus, Meadow Grasshopper, fast pace, Alps.wav	01:08	Sanken CO-100K	Fast rattle crescendo sound. Recorded in Col Bayard, 05, July, day. Alt 1400 m.
31	Grasshopper, Pseudochorthippus Parallelus, Meadow Grasshopper, slow pace, Langres.wav	01:01	Sanken CO-100K	Slow crescendo. Very rich ultrasonic content. Recorded in Brémur-et-Vaurois, 21, France, August, day. Alt 200 m.
32	Grasshopper, Pseudochorthippus Parallelus, Meadow Grasshopper, slow pace, Massif Central.wav	00:55	Sanken CO-100K	Slow rattle crescendo sound. Recorded in Mount Aigoual, 34, France, August, day. Alt 1300 m.
33	Grasshopper, Pseudochorthippus Parallelus, Meadow Grasshopper, slow pace, Pyrenees.wav	00:34	Sanken CO-100K	Slow rattle crescendo sound. Recorded in Lake Bouillouse, 66, France, July, day. Alt 2000 m.
34	Grasshopper, Stenobothrus Cotticus, Cottian Toothed Grasshopper, calling song, rare species.wav	01:45	Sanken CO-100K	Rare species. Still sounds very natural when pitched down by an octave. Recorded in Col Agnel, Alps, Italy, August 2023, day. Alt 2800 m.
35	Grasshopper, Stenobothrus Nigromaculatus, crescendo.wav	00:20	Sanken CO-100K	Very fast screeching. Recorded in Nohèdes, 66, France, August, day. Alt 1600 m.
36	Grasshopper, Stenobothrus Stigmaticus, vibrating crescendo, hesitating.wav	00:25	Sanken CO-100K	Modulated crescendo. Recorded in Nohèdes, 66, France, August, day. Alt 1600 m.
37	Grasshopper, Stenobothrus Stigmaticus, vibrating crescendo, long.wav	00:28	Sanken CO-100K	Modulated crescendo. Recorded in Nohèdes, 66, France, August, day. Alt 1600 m.
38	Grasshopper, Stenobothrus Stigmaticus, vibrating crescendo, short.wav	00:34	Sanken CO-100K	Modulated crescendo. Recorded in Nohèdes, 66, France, August, day. Alt 1600 m.
39	Grasshopper, Stethophyma Grossum, Large Marsh Grasshopper, different specimen, clicks.wav	00:45	Sanken CO-100K	Impulses created by a fast leg movement. Sounds like an electric fence. Recorded in Brémur-et-Vaurois, 21, France, August, day. Alt 200 m.
40	Grasshopper, Psophus Stridulus, flying sound, wings crackling.wav	00:51	Sanken CO-100K	Loud sound, audible from 100 meters. Recorded in Err, 66, France, August, day. Alt 2100 m.

FLYING INSECTS

41	Bee, Bombus Pascuorum, Common Carder Bee, Bumblebee, flying and gathering pollen.wav	01:35	Sanken CO-100K	Bumblebee, low-pitched flight sound compared to other bees. Sounds like an big engine when pitched down. Recorded in Vitrolles, France, June, day.
42	Grasshopper, Stenobothrus Cotticus, Cottian Toothed Grasshopper, wings crackling.wav	00:04	Sanken CO-100K	Flapping wings. Crackle. Rare species. Recorded in Col Agnel, Italy, August, day. Alt 2800 m.
43	Hoverfly, Chrysotoxum Arcuatum, flying and gathering pollen.wav	01:15	Sanken CO-100K	Fly sound that reminds both a wasp and a fly. Recorded in Meribel, 73, France, July, day, Alt 2400 m.
44	Moth, Macroglossum Stellatarum, flying against window.wav	00:30	Sanken CO-100K	Wing sound. Moth hovering. Recorded in studio, October, day.
45	Moth, Macroglossum Stellatarum, flying.wav	01:48	Sanken CO-100K	Wing sound. Moth hovering. Recorded in studio, October, day.
AMBIANCES				
46	Ambiance, Bush-Crickets And Grasshoppers, Mountain, day, Field, Summer, Alps Mountain 1300 m altitude.wav	06:32	Sennheiser MKH 8040 ORTF	eStereo ambience. Day, summer, morning. French Alps. Flies pass-bys. Bush-crickets & grasshoppers, main species: Roeseliana Roeselii various grasshoppers. Recorded in Col Bayard, France, July, 9 AM. Alt 1300 m.
47	Ambiance, Bush-Crickets, Mountain, Meadow Clearing, day, Summer, Alps Mountain 1200 m altitude.wav	07:17	Sennheiser MKH 8040 ORTF	Stereo ambience. Day, summer, noon. French Alps. Flies pass-bys. Bush-crickets, main species: Bicolorana Bicolor, various grasshoppers. Recorded in St-Julien en Champsaur, France, July, 1 PM. Alt 1200 m.
48	Ambiance, Bush-Crickets, Night, Summer, Pyrenees Mountain, 900 m altitude.wav	04:17	Sennheiser MKH 8040 ORTF	Stereo ambience. Night, summer. Pyrenees mountains. Bush-Crickets, main species: Tettigonia Viridissima & Cantans. Recorded in Casteil, 66, France, July, night. Alt 600 m.
49	Ambiance, Crickets and Bush-Crickets, Seashore, night, mono.wav	05:52	Sanken CO-100K	Mono ambience. Night, summer, swamp overlooking the seashore Toads in the distance. Bushcrickets & crickets, main species : Ruspolia Nitidula. Recorded in Sausset-les-Pins, 63, August, 11 PM. Alt 0 m.
50	Ambiance, Crickets, Mountain, meadow, day, Alps Mountain 2400 m altitude.wav	03:13	Sennheiser MKH 8040 ORTF	Stereo ambience. Day, summer, noon. French Alps. Flies pass-bys. Grasshoppers, main species: Gomphocerus Sibiricus. Torrent in background. Recorded in Allos, France, August, 1 PM. Alt 2400 m.
51	Ambiance, Grasshoppers, Mountain, day, Pyrenees Mountain 2300 m altitude..wav	03:40	Sennheiser MKH 8040 ORTF	Stereo ambience. Day, summer. Grasshoppers, main species: Psophus stridulus. Recorded in Err, 66, France, August, day. Alt 2100 m.
52	Ambiance, Night, Meadow, night, Italy Crickets, Summer, After Rain.wav	05:32	Sennheiser MKH 8040 ORTF	Stereo ambience of a typical peaceful summer night of the south of Alpes. Crickets: Oecanthus Pellucens. Recorded in Thorame-Basse, France, August 2023, night. Alt 1250 m.
53	Ambiance, Night, Vineyard, night, Fall, Two Spotted Crickets, Two Spotted Crickets.wav	01:01	Sennheiser MKH 8040 ORTF	Stereo ambience of end of summer night of the south of France. Crickets: Gryllus Bimaculatus. Recorded in Berre, France, October, night. Alt 0 m.
