FILENAME	DESCRIPTION	SOUNDS
CREASrce-CK_BELLOW PROP-Ceramic Hob Rub Stutter_RTSB_UCV.wav	Ceramic cooktop friction creates broken pulses with a rough, bellow like resonance.	6
CREASrce-CK_BELLOW PROP-Ceramic Hob Short_RTSB_UCV.wav	Ceramic cooktop friction releases a brief, resonant groan with a compact bellow like quality.	6
CREASrce-CK_BREATH HUMAN-Duo Exhale Low_RTSB_UCV.wav	Two voices breathe out together at a deep pitch with heavy, airy weight.	6
CREASrce-CK_CHATTER PROP-Champagne Glass Rub High Resonance_RTSB_UCV.wav	Champagne glass friction rings brightly with piercing overtones and lively chatter like movement.	6
CREASrce-CK_CHATTER PROP-Champagne Glass Rub_RTSB_UCV.wav	Champagne glass friction squeals with delicate, glassy chatter and ringing overtones.	6
CREASrce-CK_CHATTER PROP-Glass Sheet Fast Rub_RTSB_UCV.wav	Glass pane friction jitters rapidly with bright, brittle chatter like movement.	6
CREASrce-CK_CHATTER PROP-Glass Sheet Fast_RTSB_UCV.wav	Glass pane vibrates rapidly with a brittle, restless chatter like quality.	6
CREASrce-CK_CHATTER PROP-Glass Sheet Nervous_RTSB_UCV.wav	Glass pane trembles anxiously with irregular, twitching chatter like movement.	6
CREASrce-CK_CHATTER PROP-Glass Sheet Rub Squeak_RTSB_UCV.wav	Glass pane friction chirps and squeals with sharp, animated articulation.	6
CREASrce-CK_CHATTER PROP-Low Beer Glass Rub_RTSB_UCV.wav	Deep beer glass friction resonates with a dense, rattling chatter like texture.	6
CREASrce-CK_CHATTER PROP-Pool Noodle Fast_RTSB_UCV.wav	Pool noodle flutters rapidly with light, erratic chatter like movement.	6
CREASrce-CK_CHATTER PROP-Textile Bag Modulated_RTSB_UCV.wav	Fabric bag shifts through processed tonal movement with an irregular, animated chatter like texture.	6
CREASrce-CK_CLICKING HUMAN-Throat Open_RTSB_UCV.wav	Voice articulates hollow throat clicks with an open, dry and organic quality.	6
CREASrce-CK_CLICKING HUMAN-Throat Resonance_RTSB_UCV.wav	Voice resonates through the throat with deep, hollow clicking articulation.	6
CREASrce-CK_GARGLE HUMAN-Low Viscous Gurgle Subtle_RTSB_UCV.wav	Voice bubbles quietly at a deep pitch with thick, syrupy throat movement.	6
CREASrce-CK_GARGLE HUMAN-Low Viscous Gurgle_RTSB_UCV.wav	Voice churns at a deep pitch with dense, syrupy bubbling and guttural movement.	6
CREASrce-CK_GARGLE HUMAN-Low Viscous Wet Gurgle Moan_RTSB_UCV.wav	Voice combines deep bubbling with a fluid, strained groan and heavy throat movement.	6
CREASrce-CK_GARGLE HUMAN-Wet Liquid Choke_RTSB_UCV.wav	Voice struggles through fluid filled choking sounds with thick, drowning articulation.	6
CREASrce-CK_GARGLE HUMAN-Wet Liquid Gurgle Moan_RTSB_UCV.wav	Voice churns through fluid bubbling into a strained, throaty groan.	6
CREASrce-CK_GROWL HUMAN-Burp Long Throaty_RTSB_UCV.wav	Voice releases an extended belch with deep, guttural vibration and a growl like quality.	6
CREASrce-CK_GROWL HUMAN-Burp Short Hard_RTSB_UCV.wav	Voice forces out a brief belch with harsh, punchy throat resonance.	6
CREASrce-CK_GROWL HUMAN-Burp Short Soft_RTSB_UCV.wav	Voice releases a brief belch with subdued, rounded throat resonance.	6
CREASrce-CK_GROWL HUMAN-Burp Steady Soft_RTSB_UCV.wav	Voice sustains a gentle belch with even, rumbling throat vibration.	6
CREASrce-CK_GROWL HUMAN-Burp Very Low Throaty_RTSB_UCV.wav	Voice pushes out an extremely deep belch with heavy, guttural resonance.	6
CREASrce-CK_GROWL HUMAN-Choke Short Throaty_RTSB_UCV.wav	Voice constricts briefly into a rough, guttural growl like sound.	6
CREASrce-CK_GROWL HUMAN-Choke Snort Throat Resonance_RTSB_UCV.wav	Voice combines a nasal grunt with constricted throat movement and deep internal vibration.	6
CREASrce-CK_GROWL HUMAN-Choke Viscous Throat Resonance_RTSB_UCV.wav	Voice strains through thick constriction with dense, resonating throat movement.	6
CREASrce-CK_GROWL HUMAN-Duo Choke Throaty_RTSB_UCV.wav	Two voices constrict and strain together with a rough, guttural character.	6
CREASrce-CK_SCREAM HUMAN-Duo Inhale Groan Raspy_RTSB_UCV.wav	Two voices draw in air together before breaking into a harsh, growl like cry.	6
CREASrce-CK_GROWL HUMAN-Duo Snort Choke Throaty_RTSB_UCV.wav	Two voices combine nasal grunts and constricted vocal movement with a coarse, guttural quality.	6
CREASrce-CK_GROWL HUMAN-Duo Throat Strained Low_RTSB_UCV.wav	Two voices strain at a deep pitch with tense, guttural vibration.	6
CREASrce-CK_GROWL HUMAN-Groan Slobber_RTSB_UCV.wav	Voice groans through heavy saliva with thick, drooling throat movement.	6
CREASrce-CK_GROWL HUMAN-Snort Choke Throat Resonance_RTSB_UCV.wav	Voice combines a nasal grunt with constricted articulation and deep internal vibration.	6
CREASrce-CK_GROWL HUMAN-Snort Choke Throaty_RTSB_UCV.wav	Voice grunts through a constricted throat with a coarse, growl like quality.	6
CREASrce-CK_GROWL HUMAN-Snort Long Throaty Flutter_RTSB_UCV.wav	Voice sustains a nasal grunt with fluttering throat vibration and rough, animal like movement.	6
CREASrce-CK_GROWL HUMAN-Wet Choke Gasp_RTSB_UCV.wav	Voice gasps through fluid filled constriction with a strained, choking quality.	6
CREASrce-CK_GROWL HUMAN-Wet Throat Choke_RTSB_UCV.wav	Voice struggles through saliva heavy constriction with thick, guttural movement.	6
CREASrce-CK_GROWL PROP-Beer Glass Rub High Resonance_RTSB_UCV.wav	Beer glass friction rings at a bright pitch with sharp overtones and growl like vibration.	6
CREASrce-CK_GROWL PROP-Beer Glass Rub Low Resonance_RTSB_UCV.wav	Beer glass friction resonates deeply with dark overtones and a rumbling growl like quality.	6
CREASrce-CK_GROWL PROP-Champagne Glass Croak_RTSB_UCV.wav	Champagne glass croaks with brittle resonance and an unusual animal like quality.	6
CREASrce-CK_GROWL PROP-Leather Ball Creak Hard_RTSB_UCV.wav	Leather ball strains into a harsh creak with dense, growl like friction.	6
CREASrce-CK_GROWL PROP-Leather Ball Creak Soft_RTSB_UCV.wav	Leather ball flexes into a subdued creak with restrained, growl like friction.	6
CREASrce-CK_GROWL PROP-Metal Bowl Rub_RTSB_UCV.wav	Metal bowl friction resonates with coarse, metallic vibration and a hollow growl like quality.	6
CREASrce-CK_GROWL PROP-Rock Scrape Filter Crunch Long Subtle_RTSB_UCV.wav	Stone abrasion passes through crunchy processing, forming an extended, restrained rumbling texture.	6
CREASrce-CK_GROWL PROP-Rock Scrape Filtered Formant Shifter_RTSB_UCV.wav	Stone abrasion shifts through filtered vowel like tones with evolving, creature like resonance.	6
CREASrce-CK_GROWL PROP-Rock Scrape Formant Filter_RTSB_UCV.wav	Stone abrasion passes through vowel shaping processing, creating deep, vocal growl like movement.	6

CREASrce-CK_GROWL PROP-Rock Scrape Formant Shifter Fast Hard_RTSB_UCV.wav	Stone abrasion shifts rapidly through harsh vowel like resonances with an aggressive growling quality.	6
CREASrce-CK_GROWL PROP-Rock Scrape Formant Shifter Fast Soft_RTSB_UCV.wav	Stone abrasion moves rapidly through gentle vowel like resonances with a restrained growling quality.	6
CREASrce-CK_GROWL PROP-Rock Scrape Formant Shifter Movement_RTSB_UCV.wav	Stone abrasion morphs through shifting vowel like tones with evolving, growl like movement.	6
CREASrce-CK_GROWL PROP-Rock Scrape Soft Friction Moan_RTSB_UCV.wav	Stone abrasion drags gently into a subdued groan with coarse, growl like friction.	6
CREASrce-CK_GROWL PROP-Rock Scrape Soft Friction_RTSB_UCV.wav	Stone surfaces grind lightly together, creating restrained, gritty growl like movement.	6
CREASrce-CK_GROWL PROP-Rock Scrape Textured_RTSB_UCV.wav	Stone abrasion grinds with coarse granular detail and an uneven, rumbling texture.	6
CREASrce-CK_GROWL PROP-Rock Scrape Vocoder Hard_RTSB_UCV.wav	Stone grinding passes through a vocoder, creating harsh, synthetic growl like resonance.	6
CREASrce-CK_GROWL PROP-Rock Scrape Vocoder Soft_RTSB_UCV.wav	Stone grinding passes through a vocoder, forming subdued, synthetic growl like resonance.	6
CREASrce-CK_GROWL PROP-Textile Bag Creak_RTSB_UCV.wav	Fabric bag strains and flexes with a dry creaking texture and restrained growl like quality.	6
CREASrce-CK_GROWL PROP-Wine Glass Rub Croak_RTSB_UCV.wav	Wine glass friction croaks with brittle overtones and an unusual animal like resonance.	6
CREASrce-CK_SCREECH HUMAN-Inhale Groan Strained Low_RTSB_UCV.wav	Voice draws in air before breaking into a deep, strained shriek with distressed throat tension.	6
CREASrce-CK_SCREECH PROP-Ceramic Hob Painful_RTSB_UCV.wav	Ceramic cooktop friction wails with a distressed, piercing and agonized quality.	6
CREASrce-CK_SCREECH PROP-Champagne Glass Moan_RTSB_UCV.wav	Champagne glass resonates into a delicate wail with bright, ringing overtones.	6
CREASrce-CK_SCREECH PROP-Door Hinge Long_RTSB_UCV.wav	Door hinge drags into an extended, piercing squeal with strained metallic resonance.	6
CREASrce-CK_SCREECH PROP-Door Hinge Medium_RTSB_UCV.wav	Door hinge strains into a sustained squeal with sharp, metallic resonance.	6
CREASrce-CK_SCREECH PROP-Door Hinge Short_RTSB_UCV.wav	Door hinge releases a brief, piercing squeal with tight metallic friction.	6
CREASrce-CK_SCREECH PROP-Glass Sheet Agitated_RTSB_UCV.wav	Glass pane vibrates erratically with tense, piercing and restless movement.	6
CREASrce-CK_SCREECH PROP-Glass Sheet Chitter Fast_RTSB_UCV.wav	Glass pane chatters rapidly with brittle, insect like articulation and sharp overtones.	6
CREASrce-CK_SCREECH PROP-Glass Sheet Moan Steady_RTSB_UCV.wav	Glass pane sustains a consistent wail with bright, piercing resonance.	6
CREASrce-CK_SCREECH PROP-Glass Sheet Moan_RTSB_UCV.wav	Glass pane resonates into a strained wail with sharp, glassy overtones.	6
CREASrce-CK_SCREECH PROP-Glass Sheet Modulated Croak_RTSB_UCV.wav	Glass pane shifts through processed croaking tones with unstable, piercing resonance.	6
CREASrce-CK_SCREECH PROP-Glass Sheet Modulated Slow_RTSB_UCV.wav	Glass pane evolves slowly through processed tones with eerie, piercing movement.	6
CREASrce-CK_SCREECH PROP-Plastic Friction_RTSB_UCV.wav	Plastic surfaces drag together, creating a sharp, squealing texture with dry abrasive movement.	6
CREASrce-CK_CHATTER PROP-Pool Noodle Creak Moan_RTSB_UCV.wav	Pool noodle strains into a creaking wail with rubbery, distressed movement.	6
CREASrce-CK_CHATTER PROP-Pool Noodle Fast Creak_RTSB_UCV.wav	Pool noodle flexes rapidly with sharp creaks and frantic, squealing movement.	6
CREASrce-CK_CHATTER PROP-Pool Noodle Rub Agitated_RTSB_UCV.wav	Pool noodle friction jitters with tense, erratic and piercing movement.	6
CREASrce-CK_CHATTER PROP-Pool Noodle Rub Chirp_RTSB_UCV.wav	Pool noodle friction chirps with bright, rubbery articulation and a small animal like quality.	6
CREASrce-CK_CHATTER PROP-Pool Noodle Rub Croak_RTSB_UCV.wav	Pool noodle friction croaks with rubbery resonance and an unusual animal like quality.	6
CREASrce-CK_CHATTER PROP-Pool Noodle Stutter Squeak_RTSB_UCV.wav	Pool noodle squeaks in broken pulses with twitchy, piercing articulation.	6
CREASrce-CK_CHATTER PROP-Pool Noodle Stutter_RTSB_UCV.wav	Pool noodle jotts in repeated pulses with irregular, squealing movement.	6
CREASrce-CK_BREATH PROP-Balloon Hiss Air Release_RTSB_UCV.wav	Balloon releases pressurized air with a sustained, breathy rush.	6
CREASrce-CK_BREATH PROP-Electric Steam Cleaner Hiss Hard Short_RTSB_UCV.wav	Steam cleaner expels a brief, forceful jet with a harsh breath like quality.	6
CREASrce-CK_BREATH PROP-Electric Steam Cleaner Hiss Hard_RTSB_UCV.wav	Steam cleaner blasts pressurized vapor with an intense, breath like rush.	6
CREASrce-CK_BREATH PROP-Electric Steam Cleaner Hiss_RTSB_UCV.wav	Steam cleaner vents pressurized vapor with a sustained, airy breath like texture.	6
CREASrce-CK_BREATH PROP-Horn Exhale Stutter_RTSB_UCV.wav	Horn pushes air in broken pulses, creating an uneven exhaling rhythm.	6
CREASrce-CK_BREATH PROP-Horn Inhale_RTSB_UCV.wav	Horn draws air inward with a hollow, breath like suction.	6
CREASrce-CK_BREATH PROP-Saxophone Mouthpiece Air Burst_RTSB_UCV.wav	Saxophone mouthpiece releases a sudden puff of air with a compact breath like attack.	6
CREASrce-CK_BREATH PROP-Stone Whistle Tonal Raspy Hard Modulated_RTSB_UCV.wav	Stone whistle shifts through harsh, rasping tones with unstable, scream like modulation.	6
CREASrce-CK_BREATH PROP-Stone Whistle Tonal Raspy Hard_RTSB_UCV.wav	Stone whistle wails with a harsh, rasping tone and forceful breath driven resonance.	6
CREASrce-CK_BREATH PROP-Stone Whistle Tonal Raspy Short Soft_RTSB_UCV.wav	Stone whistle releases a brief, gentle rasp with a high, voice like tonal quality.	6
CREASrce-CK_BREATH PROP-Stone Whistle Tonal Raspy Short_RTSB_UCV.wav	Stone whistle releases a brief rasping cry with a sharp, breath driven tone.	6
CREASrce-CK_BREATH PROP-Stone Whistle Tonal Raspy Modulated Soft_RTSB_UCV.wav	Stone whistle shifts gently through rasping pitches with soft, evolving breath driven movement.	6
CREASrce-CK_BREATH PROP-Wooden Flute Large Exhale Inhale Constant_RTSB_UCV.wav	Large wooden flute cycles steadily between outward and inward airflow with a hollow, resonant breathing quality.	1
CREASrce-CK_BREATH PROP-Wooden Flute Small Exhale Inhale Constant_RTSB_UCV.wav	Small wooden flute cycles steadily between outward and inward airflow with a light, hollow breathing quality.	1
CREASrce-CK_CLICKING PROP-Cutter Knife Fast Long_RTSB_UCV.wav	Utility knife mechanism rattles rapidly in an extended sequence of sharp, mechanical ticks.	6
CREASrce-CK_CLICKING PROP-Cutter Knife Fast Short_RTSB_UCV.wav	Utility knife mechanism snaps rapidly through a brief sequence of crisp mechanical ticks.	6
CREASrce-CK_CLICKING PROP-Plastic Comb Fast_RTSB_UCV.wav	Plastic comb flickers rapidly with dry, brittle ticks and insect like articulation.	6

CREASrce-CK_CLICKING PROP-Plastic Comb Modulated Fast_RTSB_UCV.wav	Plastic comb flickers rapidly through shifting pitches with animated, insect like articulation.	6
CREASrce-CK_CLICKING PROP-Plastic Comb Modulated Slow_RTSB_UCV.wav	Plastic comb pulses slowly through shifting pitches with irregular, insect like articulation.	6
CREASrce-CK_CLICKING PROP-Plastic Comb Slow_RTSB_UCV.wav	Plastic comb articulates slowly with dry, brittle ticks and sparse insect like movement.	6
CREASrce-CK_GARGLE PROP-Small Hand Pump Water Suction Short_RTSB_UCV.wav	Small hand pump draws water inward with a brief, wet slurping and bubbling texture.	6
ANMLCat-CK_ANIMAL-Cat Growl Male Threatening_RTSB_UCV.wav	Male cat snarls defensively with a tense, hostile warning character.	6
ANMLDog-CK_ANIMAL-Labrador Growl Pant Breath_RTSB_UCV.wav	Labrador rumbles defensively between panting breaths with audible, heavy airflow.	6
ANMLFarm-CK_ANIMAL-Goat Bleat Calm_RTSB_UCV.wav	Goat vocalizes gently with a relaxed, subdued call.	6
ANMLFarm-CK_ANIMAL-Goat Bleat Excited_RTSB_UCV.wav	Goat calls energetically with a bright, animated vocal character.	6
ANMLFarm-CK_ANIMAL-Pig Grunt Squeal Soft Distant_RTSB_UCV.wav	Young pig vocalizes gently from afar with subdued grunts and faint cries.	5
ANMLFarm-CK_ANIMAL-Pig Squeal Distant_RTSB_UCV.wav	Pig cries out from a distance with a thin, piercing farmyard call.	5
ANMLMisc-CK_ANIMAL-Camel Blubber Male Dromedary Rutting_RTSB_UCV.wav	Male dromedary bubbles his lips during rutting with loose, throaty and animated articulation.	2
ANMLMisc-CK_ANIMAL-Camel Groan Blubber Male Dromedary Rutting Growl_RTSB_UCV.wav	Rutting male dromedary combines bubbling lips with deep, guttural snarling and coarse vocal movement.	4
ANMLMisc-CK_ANIMAL-Camel Groan Blubber Male Dromedary Rutting_RTSB_UCV.wav	Rutting male dromedary groans while bubbling his lips with coarse, throaty articulation.	4
ANMLMisc-CK_ANIMAL-Camel Groan Growl Female Dromedary_RTSB_UCV.wav	Female dromedary vocalizes with deep grumbling and rough, guttural articulation.	6
ANMLMisc-CK_ANIMAL-Camel Groan Moan Male Dromedary Rutting Desperate_RTSB_UCV.wav	Rutting male dromedary cries with an urgent, pleading tone and coarse throat movement.	8
ANMLMisc-CK_ANIMAL-Camel Groan Moan Male Dromedary Rutting Short_RTSB_UCV.wav	Rutting male dromedary releases a brief, guttural cry with rough throat resonance.	6
ANMLMisc-CK_ANIMAL-Camel Groan Moan Male Dromedary Rutting_RTSB_UCV.wav	Rutting male dromedary vocalizes with drawn out, guttural cries and coarse throat movement.	6
ANMLWild-CK_ANIMAL-Boar Grunt Juvenile Short Low_RTSB_UCV.wav	Young boar releases a brief, deep grunt with compact, throaty weight.	6
ANMLWild-CK_ANIMAL-Boar Squeal Juvenile Hungry Long_RTSB_UCV.wav	Hungry young boar cries out at length with an urgent, piercing character.	5
ANMLWild-CK_ANIMAL-Boar Squeal Juvenile Hungry Short_RTSB_UCV.wav	Hungry young boar releases a brief, urgent cry with a sharp, juvenile character.	6
CREASrce-CK_BELLOW HUMAN-Throat Contact Mic Low Groan_RTSB_UCV.wav	Voice captured through a contact microphone resonates with a deep groan and dense internal throat vibration.	6
CREASrce-CK_CLICKING HUMAN-Throat Contact Mic Isolated Click_RTSB_UCV.wav	Voice captured through a contact microphone articulates a single dry tick with intimate internal detail.	6
CREASrce-CK_GARGLE HUMAN-Throat Contact Mic Swallow Transient_RTSB_UCV.wav	Contact microphone captures a sudden swallow with close, wet internal throat movement.	6
CREASrce-CK_GROWL HUMAN-Throat Contact Mic Low Raspy Long_RTSB_UCV.wav	Voice captured through a contact microphone sustains deep, coarse vocal fry with dense internal vibration.	6
CREASrce-CK_GROWL HUMAN-Throat Contact Mic Low Resonant_RTSB_UCV.wav	Voice captured through a contact microphone rumbles deeply with strong internal throat resonance.	6
CREASrce-CK_GROWL HUMAN-Throat Contact Mic Low Snarl Snort_RTSB_UCV.wav	Contact microphone captures a deep snarl mixed with nasal grunting and coarse throat vibration.	6
CREASrce-CK_BELLOW PROP-Low Brass Horn Pump Braam Hard_RTSB_UCV.wav	Deep brass instrument surges into a forceful cinematic blast with heavy, bellow like weight.	6
CREASrce-CK_BELLOW PROP-Low Brass Horn Pump Braam Soft_RTSB_UCV.wav	Deep brass instrument swells into a restrained cinematic blast with rounded, bellow like resonance.	6
CREASrce-CK_BREATH PROP-Slime Moan Tonal Air_RTSB_UCV.wav	Slime resonates with an airy, pitched wail and hollow breath like movement.	6
CREASrce-CK_GROWL HUMAN-Low Punchy Grunt Snort Exert_RTSB_UCV.wav	Voice punches out a deep grunt and nasal burst with forceful exertion and heavy throat weight.	6
CREASrce-CK_SCREECH HUMAN-Duo Reverse High_RTSB_UCV.wav	Two voices draw in air together before erupting into a piercing, high pitched cry.	6
CREASrce-CK_SCREECH HUMAN-High Strained Modulated Croak_RTSB_UCV.wav	Voice strains at a high pitch with shifting, croaking tones and unstable throat movement.	6
CREASrce-CK_SCREECH PROP-High Balloon Long Painful_RTSB_UCV.wav	Taut balloon wails at a high pitch with an extended, agonized squeal.	6
CREASrce-CK_SCREECH PROP-High Balloon Moan Painful_RTSB_UCV.wav	Taut balloon cries with a piercing, strained tone and distressed rubbery resonance.	6
CREASrce-CK_SCREECH PROP-Low Raspy Balloon Inflation_RTSB_UCV.wav	Balloon expands with coarse, deep vibrations and uneven rubbery movement.	6
CREASrce-CK_BELLOW PROP-Slime Air Blow Low Tonal Soft Moan_RTSB_UCV.wav	Air passes through slime, creating a gentle, deep pitched wail with soft bellow like resonance.	6
CREASrce-CK_BREATH PROP-Slime Air Blow Hard Moan_RTSB_UCV.wav	Air forces through slime, generating an intense wail with turbulent breath like movement.	6
CREASrce-CK_BREATH PROP-Slime Air Blow Low Rattle Resonant_RTSB_UCV.wav	Air bubbles through slime with deep rattling pulses and hollow resonance.	6
CREASrce-CK_BREATH PROP-Slime Air Blow Pressure Build High_RTSB_UCV.wav	Pressure accumulates through slime before tightening into a high pitched breathy strain.	6
CREASrce-CK_BREATH PROP-Slime Air Blow Pressure Build Low_RTSB_UCV.wav	Pressure accumulates through slime with deep, compressed airflow and mounting tension.	6
CREASrce-CK_BREATH PROP-Slime Air Blow Soft Burst_RTSB_UCV.wav	Air pushes gently through slime before releasing in a brief, breathy pop.	6
CREASrce-CK_BREATH PROP-Slime Air Blow Soft Slow Flutter_RTSB_UCV.wav	Air moves gently through slime with slow, delicate fluttering and breath like movement.	6
CREASrce-CK_BREATH PROP-Slime Air Blow Unpleasant Moan Flutter_RTSB_UCV.wav	Air passes through slime in fluttering pulses with a queasy, strained vocal quality.	6
CREASrce-CK_BREATH PROP-Slime Air Blow Unpleasant Moan_RTSB_UCV.wav	Air pushes through slime with a queasy, strained wail and thick organic movement.	6
CREASrce-CK_CLICKING PROP-Slime Air Blow Soft_RTSB_UCV.wav	Air moves gently through slime, creating small, delicate ticks with wet organic detail.	6
CREASrce-CK_GARGLE PROP-Slime Air Blow Low Croak_RTSB_UCV.wav	Air bubbles through slime at a deep pitch, creating a rough amphibian like croak.	6
CREASrce-CK_GARGLE PROP-Slime Air Blow Low Rattle_RTSB_UCV.wav	Air moves through slime in deep, wet rattling pulses with thick organic texture.	6

CREASrce-CK_GARGLE PROP-Slime Air Blow Low Slow Ruckle_RTSB_UCV.wav	Air churns slowly through slime with deep, wrinkled bubbling and uneven fluid movement.	6
CREASrce-CK_GARGLE PROP-Slime Air Blow Ruckle Long_RTSB_UCV.wav	Air churns through slime in an extended sequence of coarse, wet bubbling.	6
CREASrce-CK_GARGLE PROP-Slime Air Blow Ruckle Soft_RTSB_UCV.wav	Air moves gently through slime with subdued, wrinkled bubbling and thick fluid detail.	6
CREASrce-CK_GARGLE PROP-Slime Air Blow Subtle Stutter_RTSB_UCV.wav	Air bubbles through slime in faint, broken pulses with restrained wet articulation.	6
CREASrce-CK_GARGLE PROP-Slime Air Blow Tonal Stutter Moan_RTSB_UCV.wav	Air pulses through slime in pitched, broken bursts that develop into a strained vocal wail.	6
CREASrce-CK_GARGLE PROP-Slime Air Blow Tonal_RTSB_UCV.wav	Air resonates through slime with a pitched, wet bubbling quality and hollow organic tone.	6
CREASrce-CK_GROWL PROP-Slime Air Blow Low Tonal Groan_RTSB_UCV.wav	Air passes through slime at a deep pitch, forming a resonant groan with heavy growl like weight.	6
CREASrce-CK_CHATTER PROP-Bowed Cardboard Tube Modulated Painful Hard_RTSB_UCV.wav	Bowed cardboard resonates through harsh, shifting pitches with distressed, chatter like movement.	6
CREASrce-CK_CHATTER PROP-Bowed Cardboard Tube Modulated Painful Soft_RTSB_UCV.wav	Bowed cardboard resonates gently through shifting pitches with a distressed, chatter like quality.	6
CREASrce-CK_CLICKING PROP-Bowed Photo Paper Fast Croaky_RTSB_UCV.wav	Bowed photographic paper chatters rapidly with croaking overtones and brittle, animal like articulation.	6
CREASrce-CK_CHATTER PROP-Bowed Photo Paper Low Chirp Hard_RTSB_UCV.wav	Photographic paper resonates at a deep pitch with a forceful chirping call and dry, brittle texture.	6
CREASrce-CK_CHATTER PROP-Bowed Photo Paper Low Chirp Soft_RTSB_UCV.wav	Photographic paper resonates at a deep pitch with a gentle chirping call and delicate, brittle texture.	6
CREASrce-CK_CLICKING PROP-Bowed Photo Paper Modulated Croak_RTSB_UCV.wav	Bowed photographic paper shifts through croaking pitches with irregular, click like articulation.	6
CREASrce-CK_SCREECH PROP-Bowed Cardboard Tube Aggressive Harsh_RTSB_UCV.wav	Bowed cardboard tube shrieks with abrasive resonance and a violent, distressed character.	6
CREASrce-CK_SCREECH PROP-Bowed Cardboard Tube Modulated Painful Rising_RTSB_UCV.wav	Cardboard tube rises through shifting pitches into a strained, agonized wail.	6
CREASrce-CK_SCREECH PROP-Bowed Cardboard Tube Painful Harsh_RTSB_UCV.wav	Bowed cardboard tube cries out with abrasive, piercing resonance and severe tonal strain.	6
CREASrce-CK_SCREECH PROP-Bowed Paper Envelope Croaky Tension_RTSB_UCV.wav	Paper envelope strains under bow friction with tense, croaking resonance and an uneasy vocal quality.	6
CREASrce-CK_SCREECH PROP-Bowed Photo Paper Airy Moan_RTSB_UCV.wav	Photographic paper resonates with a breathy wail and light, whispering overtones.	6
CREASrce-CK_SCREECH PROP-Bowed Photo Paper Stutter Moan Hard_RTSB_UCV.wav	Photographic paper breaks into forceful, repeated pulses with a strained, wailing quality.	6
CREASrce-CK_SCREECH PROP-Bowed Photo Paper Stutter Moan Soft_RTSB_UCV.wav	Photographic paper trembles through gentle, broken pulses with a subdued, wailing quality.	6
CREASrce-CK_CHATTER PROP-Bowed Cardboard Box Chirp High Short_RTSB_UCV.wav	Bowed cardboard box releases a brief, high pitched chirp with bright, brittle resonance.	6
CREASrce-CK_CHATTER PROP-Bowed Cardboard Box Fast Tonal Aggressive_RTSB_UCV.wav	Cardboard box chatters rapidly with forceful pitched resonance and an agitated vocal quality.	6
CREASrce-CK_CHATTER PROP-Bowed Cardboard Box High Chirp Stutter Ramp Up_RTSB_UCV.wav	Cardboard box chirps in broken high pitched pulses that accelerate and intensify.	6
CREASrce-CK_CHATTER PROP-Bowed Cardboard Box High Chirp Stutter_RTSB_UCV.wav	Cardboard box chirps at a high pitch in jittery, broken pulses with insect like articulation.	6
CREASrce-CK_CHATTER PROP-Bowed Cardboard Piece Fast Tonal Stutter_RTSB_UCV.wav	Cardboard fragment jitters rapidly through pitched pulses with dry, chatter like articulation.	6
CREASrce-CK_CHATTER PROP-Bowed Cardboard Piece Low Tonal Stutter_RTSB_UCV.wav	Cardboard fragment pulses at a deep pitch with broken tonal movement and restrained chatter.	6
CREASrce-CK_CLICKING PROP-Bowed Cardboard Box Long Tonal_RTSB_UCV.wav	Bowed cardboard box sustains an extended pitched vibration with dry, tick like articulation.	6
CREASrce-CK_GROWL PROP-Bowed Cardboard Box Low Stutter_RTSB_UCV.wav	Cardboard box rumbles at a deep pitch in broken pulses with restrained growl like movement.	6
CREASrce-CK_GROWL PROP-Bowed Cardboard Piece Low Modulated Chirp_RTSB_UCV.wav	Cardboard fragment shifts through deep, chirping pitches with evolving growl like resonance.	6
CREASrce-CK_SCREECH PROP-Bowed Cardboard Box Aggressive Stutter Fast_RTSB_UCV.wav	Cardboard box erupts into rapid, abrasive pulses with frantic, piercing movement.	6
CREASrce-CK_SCREECH PROP-Bowed Cardboard Box Agony Moan_RTSB_UCV.wav	Bowed cardboard box wails in distress with strained resonance and an agonized vocal quality.	6

CREASrce-CK_SCREECH PROP-Dry Ice Metal Pot Pressed Pain_RTSB_UCV.wav	Dry ice pressed against a metal pot strains with compressed, anguished resonance.	6
CREASrce-CK_SCREECH PROP-Dry Ice Metal Thin High_RTSB_UCV.wav	Dry ice against metal releases a thin, high pitched cry with narrow, piercing resonance.	6
CREASrce-CK_BELLOW PROP-Low Paper Carton Vibration Soft_RTSB_UCV.wav	Paper carton vibrates at a deep pitch with gentle, rounded bellow like resonance.	6
CREASrce-CK_BELLOW PROP-Low Paper Carton Vibration Aggressive_RTSB_UCV.wav	Paper carton vibrates forcefully at a deep pitch with harsh, booming resonance.	6
CREASrce-CK_BELLOW PROP-Low Paper Carton Vibration Deep Rumble_RTSB_UCV.wav	Paper carton resonates with deep, sustained rumbling and heavy low frequency weight.	6
CREASrce-CK_BELLOW PROP-Low Paper Carton Vibration Fast_RTSB_UCV.wav	Paper carton vibrates rapidly with deep, fluttering resonance and bellow like movement.	6
CREASrce-CK_GROWL PROP-Low Paper Carton Scrape Contact Mic_RTSB_UCV.wav	Paper carton abrasion captured through a contact microphone reveals deep, coarse structural friction.	6
CREASrce-CK_GROWL PROP-Low Paper Carton Scrape Fast Contact Mic_RTSB_UCV.wav	Paper carton scrapes rapidly with dense internal vibration captured through a contact microphone.	6
CREASrce-CK_GROWL PROP-Low Vibration Cardboard Contact Mic_RTSB_UCV.wav	Deep structural vibration exhales with a hollow, breath like quality captured through a contact microphone.	6
CREASrce-CK_GROWL PROP-Low Scrape Soft Contact Mic_RTSB_UCV.wav	Deep abrasion moves gently with subdued, coarse friction captured through a contact microphone.	6
CREASrce-CK_GROWL PROP-Low Scrape Aggressive Snarl Contact Mic_RTSB_UCV.wav	Deep abrasion snarls with forceful, hostile friction and dense internal vibration captured through a contact microphone.	6
CREASrce-CK_GROWL PROP-Low Scrape Aggressive Crunch Contact Mic_RTSB_UCV.wav	Deep abrasion grinds aggressively with crunchy structural detail captured through a contact microphone.	6
CREASrce-CK_GROWL PROP-Low Scrape Fast Contact Mic_RTSB_UCV.wav	Deep abrasion moves rapidly with coarse structural friction captured through a contact microphone.	6
CREASrce-CK_BELLOW PROP-Low Paper Carton Long Braam Contact Mic_RTSB_UCV.wav	Paper carton sustains an extended, deep cinematic blast with dense resonance captured through a contact microphone.	6
CREASrce-CK_SCREECH PROP-Styrofoam Dry Ice Soft Modulated_RTSB_UCV.wav	Styrofoam and dry ice chatter gently with brittle, restrained articulation and light tonal movement.	6
CREASrce-CK_CHATTER PROP-Styrofoam Dry Ice Squeak Sequence_RTSB_UCV.wav	Styrofoam and dry ice release a sequence of brittle squeals with sharp, animated articulation.	6
CREASrce-CK_CHATTER PROP-Styrofoam Dry Ice Friendly Communication_RTSB_UCV.wav	Styrofoam and dry ice chatter with gentle, conversational phrasing and an expressive creature like quality.	6
CREASrce-CK_CHATTER PROP-Styrofoam Dry Ice Fast Stutter_RTSB_UCV.wav	Styrofoam and dry ice jitter rapidly in broken pulses with frantic, chatter like articulation.	6
CREASrce-CK_CHATTER PROP-Styrofoam Dry Ice Modulated Formant Filter_RTSB_UCV.wav	Styrofoam and dry ice pass through vowel shaping processing, creating shifting, voice like chatter.	6
CREASrce-CK_SCREECH PROP-Styrofoam Dry Ice Croaky Moan_RTSB_UCV.wav	Styrofoam and dry ice croak into a strained wail with coarse, distressed resonance.	6
CREASrce-CK_CHATTER PROP-Styrofoam Dry Ice Squeaky Stutter_RTSB_UCV.wav	Styrofoam and dry ice squeal in broken pulses with twitchy, piercing articulation.	6
CREASrce-CK_SCREECH PROP-Styrofoam Dry Ice Heavy Pressed Hiss_RTSB_UCV.wav	Styrofoam and dry ice compress under heavy pressure, releasing a harsh, sustained hiss.	6
CREASrce-CK_CHATTER PROP-Styrofoam Dry Ice Pressed Squeak Modulated Formant Filter_RTSB_UCV.wav	Pressed styrofoam and dry ice pass through vowel shaping processing, creating unstable, squealing vocal tones.	6
CREASrce-CK_GARGLE PROP-Water Bucket Spit Sweetener Heavy Low Hydrophone_RTSB_UCV.wav	Water agitation captured through a hydrophone creates a heavy, deep splutter ideal as a creature sweetener.	6
CREASrce-CK_GARGLE PROP-Water Bucket Plastic Hose Spit_RTSB_UCV.wav	Plastic hose forces air through water, creating wet splutters and turbulent bubbling.	6
CREASrce-CK_GARGLE PROP-Water Bucket Plastic Hose Spit Heavy_RTSB_UCV.wav	Plastic hose drives forcefully through water, creating heavy splutters and dense fluid movement.	6
CREASrce-CK_GARGLE PROP-Water Bucket Plastic Hose Wet Communication_RTSB_UCV.wav	Plastic hose agitates water with expressive bubbling that resembles wet creature communication.	6
CREASrce-CK_GARGLE PROP-Water Bucket Plastic Hose Raspy Blow Hydrophone_RTSB_UCV.wav	Plastic hose pushes coarse airflow through water, creating turbulent bubbles captured through a hydrophone.	6
CREASrce-CK_GARGLE PROP-Water Bucket Plastic Hose Tonal Blow_RTSB_UCV.wav	Plastic hose drives air through water with a pitched, bubbling resonance.	6
CREASrce-CK_GARGLE PROP-Syringe Yoghurt Burst Hydrophone_RTSB_UCV.wav	Syringe agitates yoghurt in a sudden wet burst with close fluid detail captured through a hydrophone.	6
CREASrce-CK_GARGLE PROP-Plastic Straw Liquid Suction_RTSB_UCV.wav	Plastic straw draws liquid inward with wet slurping and bubbling suction.	6
CREASrce-CK_GARGLE PROP-Plastic Straw Liquid Spit_RTSB_UCV.wav	Plastic straw expels liquid with a brief, wet splutter and fluid articulation.	6
CREASrce-CK_SCREECH PROP-Clear Film Squeak Long Moan_RTSB_UCV.wav	Clear plastic film sustains an extended squeal that develops into a strained, wailing resonance.	6
CREASrce-CK_SCREECH PROP-Clear Film Short Squeal_RTSB_UCV.wav	Clear plastic film releases a brief, piercing squeal with tight, brittle friction.	6
CREASrce-CK_SCREECH PROP-Clear Film Stutter Moan_RTSB_UCV.wav	Clear plastic film groans in broken pulses with twitchy, strained movement.	6
CREASrce-CK_SCREECH PROP-Clear Film Long Pain_RTSB_UCV.wav	Clear plastic film sustains an extended, tortured cry with sharp, distressed resonance.	6
CREASrce-CK_GROWL PROP-Clear Film Low Scratch_RTSB_UCV.wav	Clear plastic film scratches at a deep pitch with coarse, dry friction.	6
CREASrce-CK_SCREECH PROP-Clear Film Aggressive Moan_RTSB_UCV.wav	Clear plastic film strains forcefully into a harsh, distressed wail.	6
CREASrce-CK_SCREECH PROP-Clear Film Pitch Down_RTSB_UCV.wav	Clear plastic film descends through pitch with a bending, creature like cry.	6
CREASrce-CK_SCREECH PROP-Clear Film Rub Croak_RTSB_UCV.wav	Clear plastic film friction croaks with brittle, voice like resonance.	6

CREASrce-CK_GROWL PROP-Pool Noodle Hydrophone Low Sweetener_RTSB_UCV.wav	Pool noodle captured through a hydrophone creates a deep, compact texture suitable as a creature sweetener.	6
CREASrce-CK_GROWL PROP-Pool Noodle Hydrophone Low Sub Moan_RTSB_UCV.wav	Pool noodle resonates underwater with a deep, sustained rumble and heavy growl like weight.	6
CREASrce-CK_GROWL PROP-Pool Noodle Hydrophone Low Rub Short_RTSB_UCV.wav	Pool noodle rubs briefly underwater with deep, muffled friction captured through a hydrophone.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Glass Short Moan_RTSB_UCV.wav	Glass excited by a friction mallet releases a brief, resonant wail with bright tonal vibration.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Glass Heavy Vibration_RTSB_UCV.wav	Glass excited by a friction mallet resonates with powerful, dense vibration and broad bellow like weight.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Metal Low Aggressive_RTSB_UCV.wav	Metal excited by a friction mallet rumbles at a deep pitch with forceful, hostile resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Metal Short Low Aggressive_RTSB_UCV.wav	Metal excited by a friction mallet releases a brief, deep burst of harsh, bellow like resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Metal Aggressive Moan_RTSB_UCV.wav	Metal excited by a friction mallet wails forcefully with dense vibration and aggressive tonal weight.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Metal Vibrating Complaint_RTSB_UCV.wav	Metal excited by a friction mallet vibrates with a complaining, voice like inflection and ringing resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Metal Dull Moan_RTSB_UCV.wav	Metal excited by a friction mallet groans with muted overtones and subdued, heavy resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Metal Soft Low Modulated_RTSB_UCV.wav	Metal excited by a friction mallet shifts gently through deep pitches with evolving bellow like resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Moan_RTSB_UCV.wav	Wood excited by a friction mallet groans with coarse, organic resonance and bellow like weight.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Aggressive Modulated_RTSB_UCV.wav	Wood excited by a friction mallet shifts forcefully through unstable pitches with aggressive, vocal like resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Calm_RTSB_UCV.wav	Wood excited by a friction mallet resonates gently with a relaxed, rounded bellow like quality.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Soft Vibrating Modulated_RTSB_UCV.wav	Wood excited by a friction mallet vibrates softly through changing pitches with restrained vocal movement.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Low Vibration Rising_RTSB_UCV.wav	Wood excited by a friction mallet rises from deep vibration with steadily increasing tonal tension.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Short Groan_RTSB_UCV.wav	Wood excited by a friction mallet releases a brief, resonant groan with compact bellow like weight.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Modulated Formant Filter Low_RTSB_UCV.wav	Wooden friction passes through vowel shaping processing, creating deep, evolving vocal resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Modulated Formant Filter Resonant_RTSB_UCV.wav	Wooden friction passes through vowel shaping processing, creating shifting tones with strong, ringing resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Glass Window Low Tonal Moan Vibrations_RTSB_UCV.wav	Glass window excited by a friction mallet vibrates at a deep pitch with sustained, voice like tonal resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Glass Window Low Tonal Moan_RTSB_UCV.wav	Glass window excited by a friction mallet groans at a deep pitch with smooth, ringing overtones.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Glass Window Short Moan_RTSB_UCV.wav	Glass window excited by a friction mallet releases a brief wail with compact, glassy resonance.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Door Low Groan Modulated_RTSB_UCV.wav	Wooden door resonates under mallet friction with a deep groan that shifts through unstable pitches.	6
CREASrce-CK_BELLOW PROP-Friction Mallet Wood Door Low Resonant Groan Rising Pitch_RTSB_UCV.wav	Wooden door rises from a deep, ringing groan into increasingly tense tonal resonance.	6
CREASrce-CK_BELLOW PROP-Massage Gun Glass Window Intense Moan_RTSB_UCV.wav	Massage gun excites a glass window into a forceful wail with dense, vibrating resonance.	6
CREASrce-CK_BELLOW PROP-Massage Gun Glass Window Low Groan_RTSB_UCV.wav	Massage gun drives a glass window into a deep groan with heavy structural vibration.	6
CREASrce-CK_GROWL PROP-Friction Mallet Glass Window Slow Stutter_RTSB_UCV.wav	Glass window catches slowly under mallet friction, creating broken pulses with growl like resonance.	6
CREASrce-CK_GROWL PROP-Friction Mallet Wood Door Low Resonant Stutter Long_RTSB_UCV.wav	Wooden door sustains an extended series of deep, ringing pulses under mallet friction.	6
CREASrce-CK_GROWL PROP-Friction Mallet Wood Door Low Stutter_RTSB_UCV.wav	Wooden door catches under mallet friction in deep, broken pulses with growl like movement.	6
CREASrce-CK_GROWL PROP-Friction Mallet Wood Door Resonant Stutter Short_RTSB_UCV.wav	Wooden door releases a brief series of ringing pulses with compact, growl like resonance.	6
CREASrce-CK_GROWL PROP-Friction Mallet Wood Door Resonant Stutter Tonal_RTSB_UCV.wav	Wooden door vibrates in pitched, broken pulses with strong, vocal like resonance.	6
CREASrce-CK_BREATH PROP-Rhino Horn Blow_RTSB_UCV.wav	Rhino horn channels a forceful rush of air with a hollow, breath like resonance.	6
